

# Dumb Stick

## Anti- Swivel Strap Installation

**STEP 1** Install Dumb Stick per included instructions

**STEP 2** Unwrap the anti-swivel strap and lay flat

**STEP 3** Slide the strap through the under braces of the seat with the fuzzy side facing UP THEN wrap around the Dumb Stick and feed through the rectangle clip.

**STEP 4** Tighten the strap until the Dumb Stick is elevated and tight. Then secure the Velcro end of the Anti-Sway strap to the fuzzy side of the strap by pressing firmly together

**THE ATTACHED ANTI – SWAY STRAP ELEVATES THE DUMB STICK AND ALSO PREVENTS THE DUMB STICK FROM PIVOTING SIDE TO SIDE.**
