Review Sheet

Last Reviewed 11 Sep 2024

Last Amended 11 Sep 2024

This policy will be reviewed as needs require or at the following interval: Annual

Business	
Impact:	

Reason for this Review:

Scheduled review

Changes Made:

Yes

Summary:

This policy outlines the importance of obtaining consent when providing care and support whilst maintaining Service User choice and their right not to consent. It has been reviewed in response to CQC guidance changes 03.09.24 with minor amendments made in order to include overall management responsibility of the policy.

Mighty Men of Valour Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

1. Purpose

1.1 To ensure that Mighty Men of Valour fulfils the legal and regulatory responsibilities in relation to consent, creating respectful, compassionate care, support and treatment which ensures person centred delivery at all times.

1.2

Key Question	Quality Statements
CARING	QSC2: Treating people as individuals
EFFECTIVE	QSE6: Consent to care and treatment
RESPONSIVE	QSR4: Listening to and involving people
WELL-LED	QSW3: Freedom to speak up

1.3 Relevant Legislation

- The Care Act 2014
- Children Act 1989
- Children Act 2004
- The Health and Social Care Act 2008 (Regulated Activities) Regulations 2014
- Human Rights Act 1998
- Mental Capacity Act 2005
- Mental Capacity Act Code of Practice
- Mental Health Act 1983
- Mental Health Act 2007
- Safeguarding Vulnerable Groups Act 2006
- **Data Protection Act 2018**
- The Health and Social Care Act 2008 (Regulated Activities) (Amendment) Regulations 2012

2. Scope

- **2.1** Roles Affected:
 - All Staff
- 2.2 People Affected:
 - Service Users
- 2.3 Stakeholders Affected:
 - Family
 - Advocates
 - Commissioners

Mighty Men of Valour Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

- External health professionals
- **Local Authority**
- NHS

3. Objectives

- **3.1** To ensure that valid and informed consent is obtained from the Service User before any care, support or treatment is given.
- 3.2 Where the Service User lacks mental capacity to make an informed decision, or give consent, staff must act in accordance with the requirements of the following:
 - Mental Capacity Act 2005
 - Associated code of practice
 - Best Interest process
 - Deprivation of Liberty Safeguards (DoLS)
- **3.3** To ensure that staff understand other occasions when a Service User's valid consent is required and the implications of obtaining valid consent from a young person aged over 16 and the procedures that they must follow.

4. Policy

- **4.1** The Registered Manager, Remi Adeyemi, and Nominated Individual, Frederick Clarke, of Mighty Men of Valour, have overall management responsibility for this policy and procedure. This is in line with the Policy Management Policy and Procedure at Mighty Men of Valour.
- **4.2** Mighty Men of Valour understands the need to only provide care, support and treatment with consent from the Service User.

Mighty Men of Valour ensures that when a Service User is asked for their consent, information about the proposed care, support or treatment will be provided in a way that they can understand.

The information will include details about the risks, complications and any alternatives. Only staff with the necessary knowledge and understanding of the care, support or treatment will provide this information so that they can answer any questions about it to help the Service User give valid consent.

- **4.3** Where a Service User lacks mental capacity to make an informed decision, or give consent, staff will act in accordance with the requirements of the Mental Capacity Act 2005 and associated code of practice. Mighty Men of Valour will respect when Service Users, or a person acting lawfully on their behalf, refuses to give consent or withdraws it.
- **4.4** Mighty Men of Valour recognises that consent may be implied and include non-verbal communication such as sign language or by someone rolling up their sleeves to have a wash or offering their hand when asked if they would like help to move.
- **4.5** Mighty Men of Valour will ensure that we treat consent as a process that continues throughout the duration of care, support and treatment, recognising that it may be withheld

Mighty Men of Valour
Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

and/or withdrawn at any time. Staff will be trained to understand that capacity can fluctuate and this needs to be considered in the context of giving or refusing consent.

4.6 Discussions about consent will be held in a way that meets the Service User's communication needs. This may include the use of different formats or languages and may involve others such as a translator or independent advocate.

The Accessible Information Standard (AIS) Policy and Procedure at Mighty Men of Valour can be referred to for more information.

- **4.7** Mighty Men of Valour will ensure that consent procedures do not pressure Service Users into giving consent and, where possible, plans will be made well in advance to allow time to respond to Service User questions and provide adequate information.
- 4.8 Mighty Men of Valour will uphold the Service User's right to be involved in all decisions about their care, support and treatment.
- **4.9** Mighty Men of Valour will work with other members of the multidisciplinary team to ensure that best interest decisions are made and recorded for Service Users who lack mental capacity to give valid consent.

Sharing of information with multidisciplinary partners will be done so in line with UK GDPR and Data Protection Policies and Procedures.

4.10 Mighty Men of Valour will ensure that policies and procedures for obtaining consent to care, support and treatment will reflect current legislation and guidance and that staff follow them at all times.

5. Procedure

5.1 Mighty Men of Valour recognises that consent is fundamental in ensuring personcentred Care provision.

Mighty Men of Valour understands the need to allow Service Users time to process information without feeling rushed or pressured, providing the opportunity for the individual or their legal representative to consider and formulate any questions that they have relating to their Care provision.

5.2 Consent at Initial Point of Contact

Mighty Men of Valour understands that there may be times when family members, friends or legal representatives of a Service User make contact with the service in order to arrange a pre-service visit on an Service User's behalf.

Mighty Men of Valour recognises that unless the person making contact has power of attorney for the Service User, and that Service User lacks capacity, consent must be obtained from the person the service is intended for, before any assessments, contracts or commencement of service.

Throughout all stages of the initial assessment process, valid consent must be obtained from the Service User or their legal representative.

5.3 Consent Before a Service Commences

Before the service starts, or as soon as is practical, Mighty Men of Valour will explain the policies and procedures at Mighty Men of Valour and discuss the Service User's rights in

Mighty Men of Valour
Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

relation to the service they will be receiving. The Service User will receive information about Mighty Men of Valour in a format that they can understand.

Remi Adeyemi will ensure that the staff responsible for assessing the Service User's needs and formulating the Care Plan have the skills and knowledge to answer any Service User questions and to discuss valid consent with the Service User.

The staff member responsible for the Care Plan assessment will ensure that mental capacity is assessed before the Service User consents to care and support. Where the assessment identifies that the Service User lacks the mental capacity to give valid consent, it will be sought from the Service User's legally authorised representative (such as a person having power of attorney). The assessor must consider whether the lack of capacity is temporary or permanent and the Service User will be supported and encouraged to be involved, as far as they want to and are able, in decisions about their Care.

The Service User will be given the opportunity to read and understand the information given. Where there are communication or language barriers, measures will be taken to ensure that the Service User can understand the information that is being shared.

5.4 Consent and Mental Capacity

A Service User lacks capacity if their mind is impaired or disturbed in some way, and this means the Service User is unable to make a decision at that time.

- The staff member responsible for the Care Plan assessment will ensure that mental capacity is assessed before the Service User consents to care and support
- Where the mental capacity assessment identifies that the Service User lacks the mental capacity to give valid consent, consent will be sought from the Service User's legally authorised representative (such as a legal guardian or a person having a power of attorney)
- The assessor will consider whether the lack of capacity is temporary or permanent and consider if there are occasions when capacity fluctuates
- The Service User will be supported and encouraged to be involved, as far as they want to and are able, in decisions about their treatment, care and support
- Staff must adhere to the policy on Mental Capacity at Mighty Men of Valour

5.5 Consent and Best Interest Decisions

Where a Service User is assessed as lacking capacity to give valid consent and has noone formally appointed to make decisions on their behalf, the assessor will consider a best interest decision. This best interest decision is to consider whether to go ahead with the care, support or treatment. There are many important elements involved in trying to determine what a Service User's best interests are, including:

- Considering whether it's safe to wait until the Service User can give consent, if it's likely they may regain capacity at a later stage
- Involving the Service User in the decision as much as possible
- Trying to identify any issues the Service User would take into account if they were making the decision themselves, including religious or moral beliefs; these would be based on views the Service User expressed previously, as well as any insight close relatives or friends can offer
- Best Interest decisions will also be undertaken in partnership with the multidisciplinary team and the best interest decisions must be documented. The decision will be reviewed at regular intervals as agreed with Mighty Men of Valour and the multi-disciplinary team

Mighty Men of Valour
Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

5.6 Care Plans and Care Delivery

Care Plans are formed as a collaborative approach with the Service User's wishes and more importantly, their consent.

Mighty Men of Valour will ensure that the Service User's consent is to evidence that they agree with the care and support that is to be delivered as outlined in the Care Plan. The Service User will be asked to sign the Care Plan or a consent form that clearly indicates what they are giving consent for.

A Consent Form can be found in the Forms section.

Where a Service User is unable to sign, Mighty Men of Valour will ensure that the Service User has provided valid consent.

Consent is often wrongly associated with a Service User's signature on a consent form. A signature on a form may not amount to valid consent if the Service User is rushed into signing a form on the basis of too little information. Similarly, if a Service User has given valid verbal consent, the fact that they are physically unable to sign the form is no bar to care and support.

Consent can be confirmed or withdrawn by a Service User at any time. Staff will log in the record of care notes that consent was obtained for tasks carried out with or on behalf of the Service User at each interaction.

5.7 Consent to Share Information

Mighty Men of Valour will ensure that the Service User gives permission for information to be shared with other professionals or providers. If a Service User lacks capacity to make this decision, Mighty Men of Valour, in consultation with any representatives, will need to make a best interests decision about sharing information. Examples of when information might be shared are:

- Transferring Care between providers
- Discussing an acute medical condition with a GP
- Discussing mobility goals with a physiotherapist involved in the Service User's Care

Mighty Men of Valour will also ensure that staff comply with the UK GDPR and Data Protection Act and that consent is sought from the Service User before sharing any information with inspectors or regulators. Mighty Men of Valour will be aware of the need to maintain confidentiality and that a Service User's right to confidentiality continues even when they are deceased.

Service Users must understand what information is recorded about them and how Mighty Men of Valour uses that information, stores it and whether the information is shared. The Service User will be asked to provide consent for any information about their health, care, support, treatment or personal identifiable information to be shared. Mighty Men of Valour will consider this within the context of the UK GDPR.

5.8 Consent and Staff Assessments

Mighty Men of Valour will ensure that the Service User's consent is sought prior to undertaking the following:

- Quality checks involving the Service User's Care
- Observational competency assessments for staff involving the Service User's Care
- Training in the Service User's personal environment

This will be explained to the Service User in a way they can understand.

Mighty Men of Valour
Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

5.9 Duration of Consent

- · When a Service User gives valid consent to care, support or treatment, that consent remains valid unless the Service User withdraws it or there are circumstances that mean it can be treated as if it had been withdrawn
- Such circumstances would include the procedure having taken place or there being a significant gap since the consent was given. In addition, if new information becomes available regarding the proposed intervention (for example, new evidence of risks or new treatment options) between the time when consent was sought and when the intervention is undertaken, Mighty Men of Valour will inform the Service User and reconfirm their consent
- Similarly, if a Service User's condition or circumstances have changed significantly in the intervening time, it may be necessary to seek consent again, on the basis that the likely benefits and/or risks of the care, support or treatment may also have changed

5.10 Consent Refusal and Withdrawn Consent

Mighty Men of Valour recognises that consent may be obtained by the Service User themselves or by a lawful legal representative. This can be given, refused and withdrawn at any time and must be respected.

If the process of seeking consent is to be a meaningful one, refusal must be one of the Service User's or lawful representative's options. A competent, adult Service User is entitled to refuse any care or treatment, except in circumstances governed by the Mental Health Act 1983.

If, after discussion of possible care, support or treatment options, the Service User refuses care or treatment (this includes personal care, medication, for example), this fact must be clearly documented in their notes and escalated to Mighty Men of Valour.

If a Service User has already signed a consent form but then changes their mind, this must be noted on the consent form, and where possible, it will be noted on the consent form by the Service User.

When care, support or treatment is refused and when the Care Worker cannot follow the agreed Care Plan, staff must ensure that they follow the procedure for refusal of care. support or treatment at Mighty Men of Valour to ensure that safeguarding issues do not arise. This should include:

- Reporting the refusal to the Registered Manager
- The Registered Manager will ensure that this is monitored to ascertain if certain patterns are forming and if the occurrence is regular, which may be detrimental to the Service User's health and wellbeing
- Following this, the Registered Manager or a senior staff member will liaise with the Service User if they have concerns relating to their health or wellbeing

5.11 Care Worker Obtaining Consent

- The Registered Manager will ensure that staff understand the importance of ensuring that they obtain consent each and every time any aspect of Care is delivered. Once valid consent has been obtained, for example, in relation to administering medication, Care Workers will check before they start to administer medication, that the Service User still consents to have the medication. This consent may be verbal or implied consent, e.g. saying 'yes' or holding out their hand for the medication
- Care Workers will be trained on consent procedures, including regular updates, evaluations and what they should do if a Service User refuses consent

Mighty Men of Valour Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

- Where Service Users have communication difficulties or lack capacity, the Care Plan will clearly state how ongoing consent will be obtained
- Service Users will be asked to give individual ('granular') options to consent separately to different purposes in line with the UK GDPR

5.12 Recording Consent

Care Workers will ensure that consent is recorded as given or refused in the Service Users daily records at each episode of Service User Care.

Mighty Men of Valour is responsible for ensuring that consent is gained in an informed and lawful way.

Please refer to the forms in the Mental Capacity Act (MCA) 2005 Policy and Procedure. Additional forms can be found within this policy and in the Care Plan forms section.

5.13 Advance Decisions

- Mighty Men of Valour will ensure that where a Service User has an advance decision in place, it is valid and that it is clearly documented what it relates to
- Where the advance decision relates to the Service User's decision not to resuscitate, this will be in writing, signed and dated, be witnessed, and state clearly that the decision applies even if life is at risk

Staff can refer to Advance Decisions to Refuse Treatment and Advance Statements Policy and Procedure for further information on advance decisions.

5.14 Regular Review and Updates

Mighty Men of Valour will ensure that this policy will be reviewed regularly as outlined in the policy summary and updated as necessary to reflect any changes in legislation or best practices.

6. Definitions

6.1 Informed Consent

 A key concept is that consent must be in the form of 'informed consent'. This means that a {Service user text} being asked to give their consent for a procedure or for a care service, must have adequate information given to them so they can understand all the issues involved and weigh up the pros and cons in order to make a valid decision

6.2 Consent

 Consent is demonstrated when the {Service user text} (either verbally or nonverbally) indicates what they are willing to do, or allow a third party to do to, or for them

6.3 Valid Consent

• For consent to be valid, it must be voluntary and informed, and the {Service user text} consenting must have the capacity to make the decision

6.4 Capacity

 The {Service user text} must be capable of giving consent, which means they understand the information given to them, and they can use it to make an informed decision by considering all the risks and options, and they can remember what has

Mighty Men of Valour Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

been explained to them and the decision they have made. Capacity refers to having the mental capacity as defined in the Mental Capacity Act

6.5 Best Interest Decisions

 If a {Service user text} has been assessed as lacking capacity then any action taken, or any decision made for, or on behalf of that {Service user text}, must be made in his or her best interests

6.6 Independent Advocate

 An independent advocate involves speaking on behalf of a person(s) to ensure that their rights and needs are recognised

6.7 Power of Attorney

- · A power of attorney is a legal document that allows someone to make decisions for someone else if the person is no longer able to, or if they no longer want to make their own decisions
- There are a number of reasons why a {Service_user_text} might need someone to make decisions for them or act on their behalf:
 - · This may just be a temporary situation: for example, if they are in hospital and need help with everyday things such as making sure bills are paid
 - Alternatively, they may need to make longer-term plans if, for example, they have been diagnosed with dementia and they may lose the mental capacity to make their own decisions in the future

6.8 Advanced Decisions

· An advance decision (sometimes known as an advance decision to refuse treatment, an ADRT, or a living will) is a decision a person can make now to refuse a specific type of treatment at some time in the future

6.9 Young Person

- The UN Convention on the Rights of the Child defines a child as everyone under 18 unless, "under the law applicable to the child, majority is attained earlier". However, there are a number of different laws across the UK that specify age limits in different circumstances. These include child protection; age of consent; and age of criminal responsibility
- People aged 16 or over are entitled to consent to their own treatment, and this can only be overruled in exceptional circumstances
- Like adults, young people (aged 16 or 17) are presumed to have sufficient capacity to decide on their own medical treatment, unless there's significant evidence to suggest otherwise
- Children under the age of 16 can consent to their own treatment if they're believed to have enough intelligence, competence and understanding to fully appreciate what's involved in their treatment. This is known as being "Gillick competent"

6.10 UK General Data Protection Regulation (UKGDPR)

• The UK's implementation of the General Data Protection Regulation (GDPR)

7. Key Facts - Professionals

Professionals providing this service should be aware of the following:

Mighty Men of Valour Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

- Mental capacity will be assessed before seeking consent to ensure that the consent is informed and valid
- Consent from a Service User is needed regardless of the care, treatment or support that is going to take place
- Generic 'tick boxes' will not be used to obtain consent
- Once written consent is obtained for permission to provide care and support and assist with medication, care staff must always ask for consent before providing any care or support

8. Key Facts - People Affected by The Service

People affected by this service should be aware of the following:

- You have a right to withdraw consent at any time
- Just because you are unable to verbally express your consent does not mean that treatment or care cannot be given. Staff will assess your mental capacity and seek to obtain consent in other ways such as implied consent, i.e. nodding, holding out an arm for a wash
- You have a right to refuse to provide consent

Outstanding Practice

To be "outstanding" in this policy area you could provide evidence that:

Mighty Men of Valour Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

- Regular reviews of a Service User's consent take place to ensure that it remains valid
- The wide understanding of the policy is enabled by proactive use of the QCS App
- Consent is obtained and recorded to provide any care treatment and support
- There is evidence that staff understand the Mental Capacity Act 2005 in relation to consent
- Information is shared appropriately and in a format the Service User understands to ensure valid consent

Forms

The following forms are included as part of this policy:

Title of form	When would the form be used?	Created by
Consent Form - CR22	When consent is required. When a Service User is unable to give consent a best interest decision is required.	QCS
Issue Specific Consent Form - CR22	To be used to gain consent	qcs

Mighty Men of Valour Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

Consent Form - CR22

Service User Name:	
ID:	
Date of Completion:	

For your protection and privacy, your consent is required before we request information from you or carry out any type of care or support or share information about you and the services you receive from us.

- Please read the questions below, or ask someone to read them to you, and indicate clearly YES or NO to each question
- You will be asked to sign each answer at the end. If you cannot sign, our staff will record that you have given your consent and how this consent was given
- You have a right to refuse or withdraw your consent at any time

Part A: For Service Users who have been assessed as having the mental capacity to give valid consent

Consent to Undertake Care, Support and Risk Assessments

I have had the reasons for why this information is required and what the information will be used for explained to me and I understand those reasons. I understand that you may discuss my health, my mobility, my memory and understanding, my medication, my skin, any history of falls, my eating and drinking, my overall mental health, any risks to me or the staff who will be providing care and support plus aspects about my life that I need to share with you that is important to me or for me. I understand that my needs will be reviewed if my needs change.

I give consent: **YES or NO** (delete as appropriate)

(Signature):

Consent to Undertake Medication Administration

I have had the reasons why your assessment of my needs has shown I need support to administer my medication. I understand what type and level of support your staff will be providing. I understand this will be reviewed if my needs change

I give consent: **YES or NO** (delete as appropriate)

(Signature):

Consent to the Care and Support Plan storage in my Home, Flat, Apartment, Room (delete if not applicable)

I have had the reasons why the care and support plan and risk assessments are important to ensure that I am safe and your staff understand what care and support they need to provide for me. I understand that I need to leave the Care Plan and any associated records in a place where staff can read and complete it easily. I understand that only staff who are involved in my Care will be able to have access to this information.

I give consent: **YES or NO** (delete as appropriate)

(Signature):

Mighty Men of Valour
Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

Information Sharing

I have had the reasons for information sharing explained to me and I understand those reasons. I agree to information recorded being shared as indicated by those reasons. I

findicate the range of providers that may be included and the way that this information will be shared, e.g. CQC, GP, Local Authority Quality Compliance Team via email, phone, review of records.]

I give consent: YES or NO (delete as appropriate)

(Signature):

Part B: If Service Users appear to lack the mental capacity to give informed consent (To be completed by the assessor)

Consent to Undertake Care, Support and Risk assessments

I have given an explanation of what information we need about and how we will we use that information. I have also explained when we will need to share that information, who with and how we might share that information. I discussed the information in a way and format that maximises to be able to make decisions for him/herself Yes / No

I can confirm that lacks the capacity to give or withhold consent to the assessment of care, support and risk assessments, to support with medication administration and to sharing of information because the person has an impairment of the mind or brain and cannot do one or more of the following;

- Understand the information about the assessment of care support and risk assessments, the sharing of information or information about the administration of medication Yes / No
- Retain the information in their mind Yes / No
- Use or weigh up that information as part of the decision-making process including any risks Yes / No
- Communicate their consent (by talking, sign language or any other means) **Yes** I No

If the answer is 'no' to any of the above points, then complete the Best Interest section on the next page, otherwise if the Service User has capacity to provide consent return and complete Part A.

Best Interest: lacks the mental capacity to give informed consent and make a decision about the care, support and risk assessments, medication administration and information sharing. It is in their best interest that we create the care and support plan and undertake the risk assessments, staff deliver the care as planned and that information is shared appropriately in line with our policies. In making this decision I have;

- Considered the MCA Code of Practice and Best Interest Checklist which includes any views they may have expressed in the past including any advanced decisions which would help understand what their views and feelings might be Yes / No
- The views of their family members, parents, carers and other relevant people who support them or are interested in their welfare, if this is practical and appropriate Yes / No
- If they have named someone or given someone powers to decide for them then they will also be consulted Yes/ No

Mighty Men of Valour Square Root Business Centre Windmill Road Croydon Surrey CR0 2XQ

continued on next page				
Part B continued				
If you have answered 'No' to anything in the previous sections in Part B, state the reason why. If you have decided it is not in their best interest explain the proposed action.				
No one can give consent on behalf of the Service User unless they have the relevant power (e.g. an LPA) but you can obtain the signature of a family member/friend/carer to evidence they have been consulted and agree with the decision.
