ABOUT MENTAL HEALTH AMERICA in MONTGOMERY

Mental Health America in Montgomery (MHA-M), an affiliate of the National Mental Health America, works to address mental health needs in the Montgomery area. Formed in 1951, we are a nonprofit organization governed by a Board of Directors representing diverse segments of the community. We work toward 1) improved care and treatment of persons with mental illness, 2) empowerment to recover and enhance quality of life, and 3) education about the promotion of good mental health and recovery from mental illness.

MHA-M operates the Friendship and Open Door Clubs for persons with serious mental illness to learn recovery skills; our signature Operation Santa Claus that provides gifts for Montgomery Area Mental Health Authority clients; and our Outreach/Education Program that provides community education about mental illness, monthly Round Tables and annual conference that offer continuing education (with CE credits) for health and social service professionals.
