INTRODUCTION

Home Castle World Pvt. Ltd. is a forward-thinking infrastructure company pioneering in prefabricated housing, interior design, and renovation services. Our core mission is to build a sustainable and modular India by offering fast, cost-effective, and eco-friendly space solutions tailored for both residential and commercial needs. With the growing demand for quick-deployable structures such as holiday homes, cafés, and office spaces, Home Castle World is addressing a rising market opportunity driven by urbanization, tourism, and green construction trends.

We specialize in delivering plug-and-play units that are fully customizable, energy-efficient, and significantly reduce construction timelines—making them ideal for both short getaways and long-term investment properties. Our services extend beyond prefabrication to include comprehensive interior design and renovation, ensuring our clients get end-to-end, hassle-free solutions. Every project is executed with a strong focus on design, durability, and environmental responsibility.

Led by Dr. Babita Singh, a visionary entrepreneur, the company has already delivered successful projects across North India and is expanding rapidly into high-potential markets such as Uttarakhand, Goa, and Noida. Our in-house team of designers, architects, and engineers ensures innovation and quality in every build, while our operational model is designed for scale and repeatability.

MESSAGE FROM OUR LEADER

2

Dear Valued Customers and Dedicated Team,

At Home Castle World, we believe that interiors are not just about design—they're about creating meaningful spaces where life unfolds, memories are made, and identities are expressed. Whether it's a home, office, café, or a bespoke commercial unit, our mission is to transform ordinary spaces into extraordinary experiences through thoughtful design, premium materials, and sustainable choices.

To our esteemed customers: thank you for trusting us with your vision. Your satisfaction is the foundation of our growth. Every project we undertake reflects our commitment to quality, customization, and care. We take pride in making your dreams a reality, and we are honored to be a part of your journey.

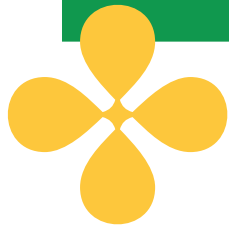

To our talented interior team: your creativity, dedication, and professionalism bring our brand to life. From concept to execution, your attention to detail and passion for excellence are what set us apart. You are not just designing spaces—you are shaping the future of modern living.

Together, we are building more than just interiors—we are building trust, comfort, and a sustainable tomorrow.

Priority Goals

In this progress report, we emphasize Goal 13,

At Home Castle World Pvt. Ltd., Climate Action isn't just a goal — it's our responsibility. We see SDG 13 as a top priority and are committed to combating climate change through sustainable construction and modular design. Our efforts focus on reducing environmental impact, conserving resources, and building climate-resilient spaces.

By integrating eco-friendly practices into every project, we strive to support a greener future — not just for today, but for generations to come.

We're not just building homes — we're building a sustainable tomorrow.

MEASURING PROGRESS

4

At Home Castle World Pvt. Ltd., measuring progress is key to driving meaningful impact. Tracking our journey toward the Sustainable Development Goals (SDGs) helps us evaluate what's working, identify areas for improvement, and shape better strategies for the future. This section of our SDG Progress Report outlines the key indicators and measurement approaches we use to assess our sustainability performance—ensuring transparency, accountability, and continuous improvement in everything we build.

Social	Environmental	Data/Outcome
Poverty rates and income inequality	Greenhouse gas emissions and carbon footprint	100% equal pay hiring Solar-powered Zero-waste policy
Access to education and literacy rates	Renewable energy consumption and energy efficiency	87% carbon reduction With UNICEF 100% green energy
Maternal and child mortality rates	Biodiversity conservation and protected areas	100% forest and green-certified construction

At Home Castle World Pvt. Ltd., clear performance goals help us track impact, ensure accountability, and align with SDG targets. By measuring progress through defined indicators and data, we make our journey toward a greener future transparent and meaningful.

Smart Goals, Real Impact

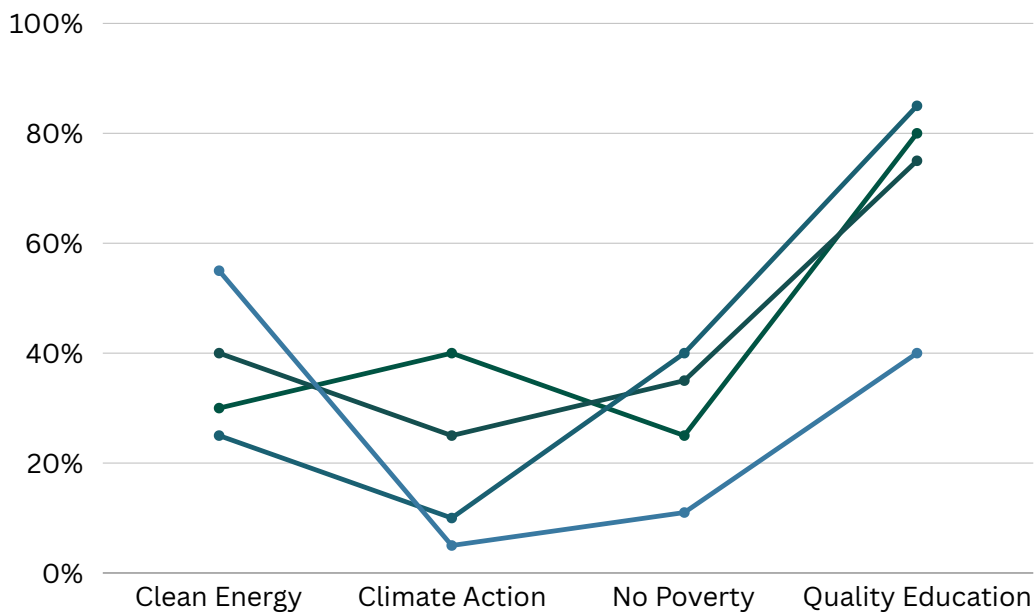

Setting smart goals to drive real, measurable impact.

96

Client satisfaction is at the heart of everything we build

76

Built on a zero-waste promise.

Reporting for Transparency and Impact

We share our progress with clarity and accountability to drive meaningful change toward the SDGs.

- Key statistics - Achieved 87% reduction in carbon emissions across all modular projects since 2023.
- Key findings - Customers reported higher satisfaction with eco-friendly interiors and zero-waste construction methods.
- Timelines - First 100% solar-powered unit (2023)

76%

Built on a zero-waste foundation for a cleaner, sustainable future.

NEXT STEP

6

At Home Castle World, sustainability reporting is our guide forward—helping us set bold goals, seize new opportunities, and build a greener, smarter future.

This SDG Progress Report marks an ongoing journey for Home Castle World Pvt. Ltd.—a tool to track our impact, learn, and improve over time.

This section outlines our forward-looking strategy to build on the strong foundation we've created and continue driving meaningful, sustainable change.

Strengthen Data Collection and Monitoring

Enhance data collection methods and systems to ensure accurate and timely monitoring of progress toward the SDGs.

Foster Multi-stakeholder Collaboration

Encourage collaboration among governments, civil society organizations, businesses, academia, and other stakeholders to address the SDGs jointly.

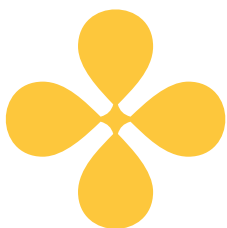

Integrate SDGs into National Policies and Strategies

Embed the SDGs into national development plans, policies, and strategies, aligning them with the country's specific context and priorities.

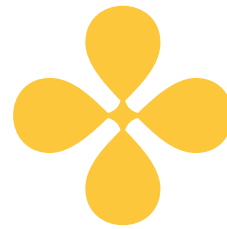

Mobilize Financing for SDG Implementation

Increase domestic resource mobilization through effective taxation, improve public financial management, and reduce illicit financial flows.

CONCLUSION

7

At Home Castle World Pvt. Ltd., we remain dedicated to driving impactful change and accelerating our efforts to help make the SDGs a reality by 2030.

Key Achievements

- Environmental Impact: 87% carbon reduction, 100% renewable energy, zero-waste policy.
- Social Responsibility: Inclusive hiring with 100% equal pay

Persistent Challenges

- Material Access: Limited availability of affordable sustainable materials.
- Market Adoption: Slow acceptance of modular green construction.

Call to Action

- Join us in building a sustainable future —one modular space at a time
- Partner with Home Castle World to accelerate progress toward the SDGs

At Home Castle World Pvt. Ltd., we believe in turning vision into action. A powerful vision statement, a clear call-to-action, or words from our leadership serve as meaningful ways to conclude our SDG Progress Report—leaving our stakeholders inspired to join us in building a greener, smarter, and more inclusive future. Together, we can turn sustainable goals into lasting impact.

ACKNOWLEDGEMENTS

Home Castle World Pvt. Ltd. extends sincere gratitude to everyone whose dedication, vision, and hard work made this SDG Progress Report possible. Your contributions have been instrumental in driving our mission forward and reflecting the real impact of our work.
