Chapter: James 5:1-7

Scripture: Revelation 18:11-14

Memory Verse: James 5:8

“The Great Economic Snare”

Dear Friend, the Lord would have everyone understand that regardless of how much money and effort is put into the attempted revival of the economy, **it will fail!** The spirit that deals with man has been withdrawn; so he has no assistance that will help him to balance the current economic situation in which he finds himself. All must understand that this is referring to all economies throughout the world. This situation is sent down in the form of three distresses. The first distress deals with the erratic and severe weather patterns, the second distress deals with great economic panic, followed by a total collapse of the world economy, and the third distress deals with signs in the heavens, that are unexplainable by the scientists of today.

We will now focus on the second distress, the condition that we see in the world today; is the fulfilling of the prophecy of James T. Webb, in which he was told that there would be a panic, and that times would be fierce and hard. He quotes, “Don’t throw away any food, but share it both night and day. I saw a mule, which is a beast of burden, with a heavy pack on its back. He was climbing up a mountain with iron network under his feet. I saw no end.” This economic snare will be followed by a time of trouble such as never witnessed before. This is the same time that is mentioned in Daniel and also this is the time of deliverance.

***Excerpt of a vision had by James T. Webb**

“I saw two angels take up a container filled with liquid darkness and pour it upon the earth, which moved upon the ground like break water. I saw people coming out of the mills with their lunch bags in their hands. I saw that the economic world will be knocked off its foundation, for this, the Lord pointed out. I heard the angel say, “ he was in business.”
