

GREETINGS SAINT'S

WELCOME TO THE BARN OF THE LORD!

SHE GAVE US OIL

Scripture: Proverbs 21:20

Chapter: Matt. 25: 1-13

Memory Verse: 5:16

What can be said by man...any man...that would even come close to testifying of the Lord's greatness, for though he is the Almighty God, he does show love like none other. With all his magnificent power, he demonstrates, by example, the gentlest of touches with his children. We are more than fortunate to know him, to know the living God who created all things. The term grateful is too small a term to suggest even the notion to describe how we feel about our God, and *his fear is the power that strengthens all our hopes and directs our thoughts*. Our Heavenly Mother and Heavenly Queen, the Wisdom of God, has every situation well in hand. She covers us with a blanket of divine love like unto a mother hen when loving and protecting her chicks. She refuses to allow us to be harmed in any way by anything. She knows all things and *counterbalances all things*, bending all things to the will of God on our behalf. We will be with our God soon—released from this world by divine, executive judgment for all eternity—and will be the first to be redeemed among men and women. AMEN! However, the Lord would have us all to trim our lamps in this hour. He would have us to know that the oil in our lamps is for us only!!! Our food we will share, our clothes we share; our money we share and our homes we share; nevertheless, our oil we will not share, we cannot share, for we only have enough for ourselves!
