

# I GO TO PREPARE A PLACE FOR YOU PART 6

## GREETINGS SAINT'S

### A NEW BEGINNING!

**Scripture Heb. 11:8-10**

**Chapter Rev. 21:10-27**

**Memory Verse Rev. 21:1**

And the foundations of the wall were garnished with all manner of precious stones. Christ used multicolored diamonds created from fused gases. Many of unknown origin that were fused by the **Red Horse** that operate the power of **Divine Heat!** They were then frozen solid and crystallized by the white horse of the **Cold Spirit!** These are the materials for human mansions. Everything is perfectly measured to the specifications of man. **The Lord wearing his Human Body, called 'Vesture'!** This acts as a **surge protector**, resulting in perfect measurement of substance and environmental utopia. Now we notice the actions of the **Black Horse**, which operates under the **Symbol of Water**. Its power is to **Prepare, Separate and Calculate** to perfect specifications. The **White Horse** now freezes these waters into an **Eternal Blend** that shall **NEVER** deteriorate! This solid is then cut and placed into the **Eternal Gates for the City**. All done under the direction of **the Bay Horse**. Which is the symbol of the Mother Wisdom. So, from all of the precious stones God made the **City Walls and Mansions**. But the **Streets are made of Gold!** Here God shall use oxygen and other gases under the influence of the **Bay Horse**. Resulting in a **very light brownish, red to gold transparent** appearance, done by Mother Wisdom so perfectly that she **stacks twelve cities on top of each other** in a perfect **Harmonious Blend!**

1. Abraham was given a mental view of this great city; Which causes his faith to increase; Give an itemized account of the vision he saw? **Rev. 21:12-14**
2. As we keep in mind that all the materials used in this creation are by-products of the uncontaminated water above the firmament; Describe the dimensions of New Jerusalem? **Rev. 21:16**
3. Knowing that all things will be much better than the things of this world; What is said about the gold? **Rev. 21:18**
4. As we set our sights on **New Jerusalem**, how would one explain the **Twelve Foundations of the City?** **Rev. 21:19-21** **NOTE: Foundation is the ground level.** Here a city with twelve completely separate earths and skies. All on top of each other!
5. The sun and the moon were created to give us light and energy; Why won't the sun be needed in the **New Earth?** **Rev. 21:23-25**
