

# **GREETING'S SAINT'S (Three)**

## **THE FIVE RAINS'/HARVEST RAIN**

**Scripture: Rev. 12:17**

**Chapter: Zech. 4:6-14**

**Memory Verse: Romans 11:26**

The second rain connected us to the spirit world by dreams and visions, after we had declared our allegiance and obedience by the anointing unto the law and testimony. However, this same blessing of God also drew the attention of the forces of darkness, and we became embattled within a terrible war of the mind with our salvation. And although our zeal was cut off as a test of our belief and obedience, we have been knocked down many times by the kingdom of darkness, however, we will be saved! Now we direct you to the third rain of our experience, which did awaken and empower HOZ to finish the work of Zerubbabel. This rain of spirit mentioned here is called "the harvest rain." This rain can only come after the cold period, which again was a test of our love for God. Let us closely examine the vision of the prophet Webb. We see that the prophet was carrying a baby, which in this case represented the little church. He became concerned with the cold in the building that would seemingly affect the baby; but the divine being walking with him was not concerned. Yet the prophet was allowed to wrap his shirt around the child. This shirt represents the "Message of Elijah" that came from the "Message of the Covenant." The Wisdom of God transferred skill and knowledge which is the oil of doctrine placed in the mind of the saints during the grooming period by way of the Sabbath School. Mother Wisdom pours out the Holy Spirit of "Harvest Rain", which is our third rain. This begins to take shape and form, removing the ungodliness from our minds.
