

THE LITTLE BOOK OF THE SEVEN SEALS! CLASS PART 5

Scripture: Rev. 7:1-4

Chapter: 2 Esdras 6:11-21

Memory Verse: Rev. 22:12

The Timing of the Fifth Seal is at the End of the World! The time in which we now live. Facts that prove this point: once man had the power to destroy the earth, lets us know, this is the time for the **sealing of the saints**. Which cannot be done until the **Blood of Christ** has cleansed our records. The whole truth is after **the Event** in the Heavenly Court, the wrath of God would fall lightly on the earth in **Calamities** all around us in the **Elements of Nature**. Now as the messenger of these things, Brother Webb was given signals to this **Event! First**, there was a **Great Earthquake** in outer Mongolia which cut a trench 150 miles long, big enough to set a ship in it! Then a little later, a **Great earthquake** occurred in Alaska. These **quakes were signals** which he was able to connect with a pair of visions he had concerning Christ coming behind a veiled cloud being the same time he went forth preaching **the Everlasting Gospel, Rev. 14:6,7**. Continuing with the **Events** that occur under **the Fifth seal**, we have the **End of the Gospel Dispensation, the return of Israel, including their deliverance!** Now **the little season** mentioned here is the time between the judgment and the resurrection. During this time the **Beast Empire** with the Man of Son shall stand up and kill the saints of this day. A great **religious persecution, Boycott, and Slaughtering of the Saints shall start in the USA**. **Notice: "Rest yet for a little season, until their fellow servants also and their brethren, that should be killed as they were should be fulfilled"** in the same manner. History tells us what happened under that Catholic system. Here Mystery Babylon is set up under the Man of Sin!
