

Nations, Time Zones and Symbols

Gen.6:11-12

Most of the nations mentioned below have some of the symbols and a national emblem of their country as with USA and the eagle, a bird of prey, from the vulture family. The red dragon is the unseen king over all these divisions of these countries. The beast of the sea seen in Rev. Chapter 1-3 are the nations of the earth controlled by the dragon.

Notice the number of heads and horns on both the dragon and the beast of the sea. The wound on the dragons head is because of the judgment against the false system of religion, and when they slaughtered the saints. Notice both the religious system and the dragon are wounded in the head, which means the dragon shall set up another church like the Catholic Church. The ten (10) horns represent the kings of the nations to receive the worship of man. At this point the deadly wound is healed Rev.13:11-18 followed by the two-horned beast from the bottom of hell. The prophet saw in a vision saw the dragon leap from the bottomless pit, through a grate under a shed, which covered it. The dragon appeared like a sheep with short horns, with ring-stricken hair, like a mule, but with cross-stripes

The Seven Kings (Rev 12:3 Rev.17:10) The Dragon Kingdom is the Earth and the seven divisions of the land sea and air in seven parts, and five (5) are fallen. The fall of the sixth (6th) was revealed by the prophets' vision of 1/4/79... and it was said that the devil was at last ditch stand, and his fall is at the deliverance time of the saints. The word "fall" in the vision brought us to the study of the Red Dragon's fall and its seven divisions of earth time is in the amount of 6066 years as a measuring rule of time.
