# FLOWER ARRANGEMENTS

---

Here you can see the starting prices for our flower arrangements. We also use these to determine your décor table price.

What influences flower cost and pricing?

- The time of year. Flower prices change daily, and even rainfall can influence them.
- Special holidays where demand is higher, like Mother's Day.
- Seasons with higher demand, such as the wedding season in the summer months.
- How much greenery can be added.
- Whether your florist can choose budget-friendly flowers or if you want specific blooms.
- Imported, coloured, or preserved flowers.
