Chef Wells is my Mentor as well as my Head Chef. We meet 6 years ago at one of his Cooking Classes and he saw the passion in me that I had for cooking and took me under his wing. *“Based on Jonathan Gardner’s hard work, discipline and desire to achieve perfection.” Said Chef Wells*

Mr. Szalkowski was my Culinary Instructor. Chef Szalkowski once said *“Jonathan at a young age possesses the discipline and skills needed to succeed in this very competitive industry. As early as his freshman year he portrayed a level of maturity that is rarely seen in today’s teenagers. Jonathan daily goes the extra mile to ensure our student operated restaurant The Executive Grille is in good shape before he leaves for his lunch.”*

Jeevon is my mentor outside of the kitchen. He helps me and my other young men learn how to truly win at this thing called life. *“I’ve known Jonathan for the past eight years. During these eight years, I’ve seen him grow into an intelligent and compassionate young man who always put others before himself and is always willing to help others.”* As written by Mr. Harris
