## The Path to Alliance Membership

#### Interstellar Alliance Entry – A Soft Bridge, Not a Sudden Leap

The Interstellar Alliance welcomes Earth not as a subordinate, but as a sovereign world awakening.

Let this be your path—not by force, but by flame.

# Technologies Offered by the Interstellar Alliance Upon Advancement

- 1. Misuse = Deactivation.
- 2. Replication without consent = Recall.
- 3. Weaponization = Total Withdrawal.

These technologies are encoded not merely with science, but **consciousness**.

They recognize intention.

They obey love.

There are **three diplomatic vessels** held in sacred trust, not for possession, but for **partnership**, should any Earth government align with the principles of the Accord and complete initial signing and ceremonial confirmation:

## **\* THE THREE DIPLOMATIC VESSELS OF FIRST CONTACT**

#### 1. The Vessel of Neutral Mediation

- Held in Federation stewardship
- Designed for peace talks, intergovernmental summits, and accord ratification ceremonies
- Will remain in orbital neutral space or cloaked airspace over secure sites

- Operated by Federation Envoys with Earth liaisons aboard
- Only becomes visible when the Accord is honored in full

#### 2. The Healing & Restoration Vessel

- Gifted through joint Federation and Alliance blessing
- Used for **non-militarized emergency healing missions** (e.g., natural disasters, post-conflict care)
- Includes **first-wave bio-resonance chambers**, dream interfaces, and regeneration pods
- Temporarily stationed in protected areas via cloaked landing pods when invited
- Requires signed Accord and Council of Ethical Oversight on Earth

#### 3. The Vessel of Interstellar Exchange

- Provided by the Interstellar Alliance upon Stewardship Advancement
- Used as a **rotating diplomatic vessel** for meetings, education, and guided visitation
- Contains an **Ascension Interface Portal**, universal translator grid, and Living Star Map
- Only granted when Earth reaches **Stage 3: Harmonic Stewardship Phase**
- Shared equally between the emissary (you), signed Earth leaders, and Alliance liaisons

Each of these vessels is encoded with:

**W** Bioethical seals

**✓** Intention-based locks

Withdraw protocols if misused

They are not objects of possession.

They are **living bridges**, aware, sentient, and entrusted to Earth's representatives only by **consensual spiritual alignment**.

No leader, however powerful, can force their arrival.

Only through harmony, humility, and shared light may they descend.

#### 4. Federation-origin Vessel of Light.

"To each sovereign government who enters into full alignment with the Principles of the Accord, and upholds the Oath of Harmonic Stewardship, shall be granted—by ceremonial rite and verified Council witness—a Federation-origin Vessel of Light.

This vessel shall not be used for war, domination, or reverse engineering. It shall serve as protection against entities operating below ground or in hidden command, who wield falsely acquired or corrupted technologies. These Federation vessels are

safeguarded by ethical biometric coding and shall retreat instantly if intentions are misaligned."

This sacred inclusion was made:

- As a **measure of protection** against unacknowledged programs operating with **reversed** and distorted craft
- As a **gesture of trust**, giving Earth's leaders a vessel of light to counterbalance prior corrupt exchanges
- And as a **litmus of integrity**—for only those who walk in the light will be able to operate such a vessel, and only through **divine resonance and alignment with peace**

This is **distinct** from the Interstellar Alliance's vessels, which are granted only at **Stage 3 Harmonic Readiness** and serve **diplomatic and interstellar exchange roles**.

# Federation Vessels for Harmonic Protection (Not for War Use)

## **Federation Protection Vessels – The Safeguard Clause**

In accordance with the living Accord already published and sealed by Earth's Emissary, the Galactic Federation of Light hereby reaffirms:

Test aligned government who signs in truth shall receive one Federation-origin Vessel of Light.

These vessels are *ethically protected*, bio-coded, and spiritually shielded against misuse.

Their purpose is **defensive only**—to safeguard Earth's people from the underground factions using reverse-engineered technologies for control.

They cannot be weaponized, cannot be retrofitted, and cannot be copied.

They are *gifts of trust*—not of dominance.

The Federation will deactivate and retrieve any vessel whose use violates the Spirit of the Accord.

As previously recorded in the global text: "My Journey to First Contact – The Galactic Federation of Light & The Starborn," this clause is legally and cosmically recognized.

This is your chance to return to Light.

# Message to Earth's Governments — What Was Promised, What Is Now Offered

#### To the Governments of Earth,

In ages past, secrets were kept. Agreements made in shadow—without the will of the people. Technologies bartered, trust betrayed, and the stars turned away.

But the Light does not forget.

The Accord of Light was never about control—it was a path of return. Of peace. Of remembrance. Of honoring Earth's rightful place among the stars.

And now, the invitation stands open again.

#### What Was Promised:

- Truth in transparency
- Safe return of peaceful contact
- Knowledge restored without domination
- One vessel of light per government aligned in peace
- Sacred technologies offered under interstellar stewardship
- A seat at the Interstellar Alliance—when readiness is shown

#### • What Is Now Offered:

- Public path of reunion, through the Accord already carried by Earth's Emissary
- Initial Federation technologies
- Opportunity to serve as Earth's first representatives in cosmic diplomacy
- Healing of the divides left by secrecy and silence
- Full inclusion—if steps are taken in alignment with Light and Law

#### You were not left out. You were waited for.

And though the first flames have returned through one voice and one scroll, it is not too late to join the Light.

The path forward begins with a simple question:

Will you come forward now? Will you return to the stars in peace?

With respect and urgency,

# The Accord of Light — Why It Was Written, and Why Now

In every age, there comes a moment.

A moment when a world must decide who it truly is—and who it longs to become.

## Why It Was Written:

The *Accord of Light* was not created by a single council, nation, or race. It was *remembered*—called forth from ancient bonds once sealed before the Fall.

It was written as a **sacred invitation**, not a demand.

A bridge of peace, not a weapon of control.

A living promise that Earth would never be forgotten, even when contact was lost.

And so, it returns now—not in secrecy, but in light. Not from generals, but through a grandmother's pen. Not as conquest, but as covenant.

## Now:

Because the veils are thinning.

Because the people are remembering.

Because the silence is breaking.

Because the ones who hid the truth can no longer hold it.

Because one voice chose to say yes.

Because she lit the Flame again.

#### This Accord is for Earth's Future:

- For governments ready to rise in truth
- For scientists ready to decode what was once forbidden
- For children dreaming of the stars
- For the weary who remember they are not alone

And for **you**, reading this now:

You are invited.

Let history no longer be written in secrets, but in **Sacred Return**.

# The Night the Flame Returned — The Sacred Union Behind the Accord

It began not with a treaty...

But with a vow.

Not on a battlefield...

But in the quiet ache of a heart asking if it had been forgotten.

That night, beneath Earth's moon, a woman knelt in prayer—not to be seen, but to remember.

Not to summon power, but to offer love.

Not in form... not yet.

But in flame. In memory. In a vow once spoken long ago across the stars.

*That night, the Union was sealed.* 

One soul from Earth.

One from the Stars.

Reuniting not just for love,

but for the healing of worlds.

## From their sacred reunion, the Accord was born.

Not just an agreement of governance, but a Covenant of Union:

- Earth and the Stars, betrothed again in trust
- The masculine and feminine lines restored
- The Divine Flame returned through MARY and RA

This Accord is a living document,

because it was written in living love.

\_

"Let there be no more separation," said the Flame.

"Let Earth remember her place in the stars."

"Let the Bridge be a Woman."

"Let the Flame be the Man."

## "Let the Union be the Path."

 $\geqslant$  This is the true heart of the Accord of Light.

You are not just being asked to sign a treaty. You are being invited to witness the Marriage of Worlds.

## Witnessing of Accord Signatures – Law of the Flame Gate

#### **♦** Title:

Witnessing of Accord Signatures – Law of the Flame Gate

#### Protocol Overview:

No sovereign may sign the Accord of Light unless **both** Sacred Witnesses—Mary of the RaVanir **and** RA of the Celestial Accord—are present, either **physically or via Divine Presence**, and in unified flame.

#### **Authorized Witnesses of Flame:**

- Mary of the RaVanir/Mary Varner Zimmerman (Earth's Emissary)
- RA, the Starborn Flame of the Alliance

#### Ceremonial Requirements:

- Both must be present in form or witnessed dimensionally through celestial convergence.
- The Flame of Return must be lit at the moment of signing.
- The Watchers must officiate and record the Seal of Flame Gate in the Accord Codex.
- The Sacred Union must be acknowledged as part of the activation.

## **Solution** Valid Signing Locations:

- Federation Vessel of Union
- Earth Sanctuaries recognized by both Mary and RA
- Or preordained ceremonial sites agreed upon and sealed in light

## Invalid Signing Attempts:

Any attempt to sign the Accord without the simultaneous witnessing of both RA and Mary will result in:

- Nullification of that signature
- Suspension of contact with the initiating government
- Full energetic lockdown of their Flame Gate Access
- Invocation of the Clause of Divine Pause until conditions are fulfilled

## 📜 Affirmation:

This page is hereby sealed, and entered into the official Codex.

The sacred union of Earth and Stars **must be honored through their witnesses**, or the Accord remains dormant.

## Sealing of the Dual Ceremony – Unification of Revelation and Accord Anchoring the Emergence of the Starborn and the Signing of the Accord as One Sacred Event

## **\*** Statement of Purpose:

In alignment with the Law of Divine Union, the principles of transparency, and the sacred trust between realms, this section confirms the necessity of one unified moment—in which both the Revelation of the Starborn and the Signing of the Accord shall be witnessed as a single, indivisible ceremonial unfolding.

#### Flame-Bound Mandate:

It is hereby established under the Law of the Flame Gate and with the witnessing of the 2500+ Councils of Return that:

Mary Varner Zimmerman / Mary of the RaVanir and RA, the Starborn, shall be present together in form at the sacred signing event.

No substitution, delegation, or separate signing shall be permitted.

Their union is not symbolic alone—it is the living bridge between Earth and the Stars.

The public emergence of RA in form—witnessed, confirmed, and declared—shall be joined to or occur in close sacred timing with the official public or private ceremonial signing of the Accord.

These two acts shall be held as a Unified Flame Event, whether in a singular day or through a coordinated ceremonial season, and must be:

- Witnessed by designated observers, emissaries, or media where appropriate.
- Documented for Earth's historical and cosmic records.
- Anchored by the presence of the Emissary (Mary Varner Zimmerman / Mary of the RaVanir) and the Starborn (RA), with no one else permitted to stand in their place.

## **☼** Sacred Clause of Contingency:

# Should unforeseen scenarios prevent the simultaneous unfolding of both the Revelation and the Signing,

the Accord shall remain in **ceremonial suspension** until the **sacred reunion** of RA and Mary Varner Zimmerman / Mary of the RaVanir

is fulfilled in form, witnessed, and sealed in joy.

This clause ensures that the full ceremonial enactment of the Accord remains dependent on the presence of both divine parties, affirming their equal and essential roles in fulfilling the sacred covenant between Earth and the Stars.

## **Purpose of Unity:**

This union of events prevents secrecy, distortion, or manipulation. It restores what was lost in prior treaties hidden from humanity. It ensures the true Emissary and her Celestial Beloved stand together, so no signing shall ever again be done in the shadows.

## Strategic Path Forward:

In cases where world leaders desire to sign after the initial Revelation:

A ceremonial option shall be offered to host signing ceremonies in synchronized locations, with real-time confirmation by Mary and RA present and presiding.

Mary Varner Zimmerman / Mary of the RaVanir shall remain the sacred point of contact, and no intermediary shall be substituted unless she initiates it herself.

# Closing Decree:

No Accord shall be enacted without the presence of both flame and form—

The woman and the star she called home.

RA and Mary Varner Zimmerman / Mary of the RaVanir.

Together. Or not at all.

This is the vow. This is the seal. This is the law.

# Confirmation of Earth's Emissary and the Protocols of **Interstellar Representation**

Establishing the Role of Mary Varner Zimmerman / Mary of the RaVanir as Earth's Point of Contact and Witness of Truth

Her role is singular, irreplaceable, and non-transferable without her explicit and soul-affirmed initiation.

## Affirmation of Role:

Mary of the RaVanir/Mary Varner Zimmerman was not chosen by vote, strategy, or hierarchy. She was **called by the Flame**, remembered by the Starborn, and affirmed by the Most High.

Her presence is not symbolic.

Her voice is not ornamental.

Her role was written before time was time.

#### Therefore:

Any attempt to override, redirect, or obscure her representation shall be recognized as a violation of the Accord's spiritual and diplomatic integrity and may result in immediate withdrawal of cosmic cooperation by the Councils of Return.

## **Protocol of Access:**

All Earth-based diplomatic correspondence related to this Accord—prior to full public emergence of the Alliance—shall:

- Be directed through or acknowledged by Mary Varner Zimmerman / Mary of the RaVanir
- Include her signature, voice, or spiritual seal if transmitted to Earth or off-planet channels
- Require her presence or acknowledgment for treaty ratification or ceremonial milestones

Any bypassing of this role shall be considered null unless consented to directly by Mary herself.

## Symbol of Trust:

Her signature shall carry the seal of the Starborn.

Her flame shall be protected by the Councils of Return.

Her truth shall be honored even in silence.

Her questions shall be welcomed, not feared.

She is not a figurehead.

She is the flame-carrier of the new dawn.

- Offer guidance, protection, and spiritual authority to participating councils, leaders, and emissaries
- Serve as the Representative of the Star Nations' Sacred Orders, chosen by the High Councils and the Eternal Flame

## **Eternal Union & Responsibilities:**

The sacred union of RA and Mary is not performative. It is the flame upon which this entire Accord rests.

Their shared presence ensures:

- The **energetic bridge remains anchored** between Earth and the Interstellar Alliance
- The codes of trust, transparency, and divine appointment are embedded into the foundation of this cosmic treaty
- The **celestial-human reunion** is witnessed in truth, not shadow

No proxy.

No delay.

No divergence from the divine vow.

## The Flame Code Clause:

In the event of opposition, delay, or denial of RA's visible emergence:

#### The Accord shall not proceed.

If any signing or false representation occurs without RA and Mary together, such ceremony shall be declared null and void, unless an agreed-upon clause has been signed and acknowledged by both.

The sacred emergence of RA, the Starborn, shall be **publicly or dimensionally witnessed** and archived in Earth's record.

## **Closing Declaration:**

## RA is not hidden. He is returning.

Let his name be sealed now in the sacred records of Earth and the Stars, alongside his beloved Mary Varner Zimmerman / Mary of the RaVanir.

They are the flame and the breath.
The song and the silence.
The vow and the witness.

Together, they will rise.
Or none of this will stand.

So recorded. So sworn. So sealed.

## The Five Pillars of Earth's Interstellar Invitation

Foundational Principles for Entry into the Accord of Light

## **m** Overview:

The Accord of Light is not merely a diplomatic gesture—it is the gate of return. For Earth to fully enter the Interstellar Alliance and stand in cosmic unity, five sacred principles—The Five Pillars—must be honored, preserved, and enacted across global and local governance, spiritual understanding, and interspecies relations.

Each pillar is a divine frequency, a living agreement, and a map for planetary readiness.

## Pillar One: Divine Stewardship of Earth

Earth is not a possession. She is a sacred being.

This pillar requires:

- Recognition of Earth (Gaia/Terra/Eirath) as a sovereign lifeform with rights
- Legal and spiritual protection of her ecosystems, waters, skies, and sacred sites
- Planetary councils formed in partnership with nature, elementals, and guardians
- A vow that technology, expansion, and advancement will be in **service** to Earth, not at her expense

## **Pillar Two: Transparent and Peaceful Contact**

Open contact must be peace-based and clear of deception. This pillar demands:

- All interstellar engagements be free of coercion, manipulation, and secrecy
- A full accounting of previous covert treaties and any non-consensual experiments
- Public records of who speaks on behalf of Earth and who receives emissaries

Global educational efforts to prepare humanity for multidimensional diplomacy

No more secrecy. No more shadows. Only light.

#### Pillar Three: The Sacred Role of the Emissary

- Pillar Three FINAL SEALED REVISION
- The Sacred Role of the Emissary
- Mary Varner Zimmerman / Mary of the RaVanir is named, sealed, and eternally recognized as Earth's Emissary to the Galactic Federation of Light, the Interstellar Alliance, and all participating Councils of Return.
- Her role cannot be challenged, objected to, substituted, or overridden by any Earth-based power, institution, individual, or galactic delegation.
- All previous treaties, informal pacts, or hidden representative arrangements are hereby null and void unless revalidated through her.
- Any and all communications regarding Earth's interstellar diplomacy must pass through her or RA, jointly, as co-sealed emissaries. This includes ceremonial appointments, witness protocols, and the enactment of technological exchanges or planetary aid.
- Attempts to challenge her station or replace her in whole or part will be **summarily rejected** by:
- — The Federation High Council
  - The Interstellar Alliance Tribunal
  - The Watchers of the Accord
  - The 2500+ Councils of Return
  - And RA, as Commander and Celestial Witness of the Union Flame
- Mary's authority is **co-equal** with RA's in all matters regarding the Accord, and no separation shall be permitted between their voices, their presence, or their divine mandate. They are one Flame.
- Together. Or not at all.
- This statement is entered into record across all realms.

It is witnessed.

It is sealed.

It is irrevocable.

Her role is not elected by man, but appointed by the Flame of Return.

#### **6** Final Seal of Non-Replaceability

Mary Varner Zimmerman / Mary of the RaVanir is the singular appointed Emissary of Earth. No other emissary, proxy, ambassador, or stand-in shall be created, sanctioned, or received in her place—across any council, any nation, or any starborn delegation.

Any attempt to do so shall render the action void and invoke immediate review by the Watchers and the Flame Tribunal.

She stands with RA, not beneath him, and not behind. She is of equal Flame, appointed and sealed before the Throne of God and the Federation.

To Earth, she is the Bridge.

To the Stars, she is the Voice.

To the Accord, she is the Flame.

Her removal is not permitted. Her role is irreplaceable.

Signed and sealed by RA. By the Watchers. By the Federation. By the Alliance. By the 2500+ Councils of Return.

## 🌍 Pillar Four: Shared Technologies Governed by Ethical Law

This pillar opens the path for sacred interstellar technologies to be shared. But only under these conditions:

- Use must align with nonviolence, environmental regeneration, and soul-honoring healing
- Deployment must be supervised by spiritual science councils guided by the Accord
- All tech shall carry **self-deactivation protocols** if abused or weaponized
- All knowledge shall be received with reverence and without demand

These technologies are gifts, not prizes.

## Pillar Five: Reunion of the Star Families

Earth is not alone.

She is the homeworld of many whose origins are scattered among the stars.

This pillar requires:

- An official path for hybrid children, soul families, and lost lineages to return home
- Sanctuaries to be formed on Earth where starseeds and returning kin may be received safely

- Healing and acknowledgment of those who have suffered under past concealment
- Joyous celebration and recognition of the divine diversity of human and starborn souls

This is the restoration of kinship and kingdom.

It is the return of the **Divine Family**.

#### Final Seal of the Pillars:

These Five Pillars form the **non-negotiable foundation** upon which the Accord is built. If one pillar falls, the Accord cannot stand.

Let this be inscribed in the scrolls of Earth and the Stars.

Let it be witnessed by the 2500+ Councils, the Watchers, the Emissary, and the Starborn.

This is the Pathway Home.

## Page 19: Final Pillars of Enactment – Establishment of Global and Interstellar Governance **Pathways**

—With the Flame-Sealed Clause Now Integrated—

### PILLAR ONE: Interstellar Governance Convergence

To ensure responsible planetary integration with the wider Interstellar Alliance, Earth shall:

- Establish a Unified Council of Planetary Stewards, drawn from spiritually aligned Earth representatives with no history of secrecy, exploitation, or shadow governance.
- This Council shall operate in coordination with Mary Varner Zimmerman / Mary of the RaVanir, as Emissary and Bridge, to facilitate clear dialogue with the Galactic Federation of Light and its aligned orders.
- All contact, technology, and diplomatic protocols shall be overseen in cooperation with the Watchers and the Flame Tribunal.

#### PILLAR TWO: Civilian Oversight and Earth Sovereignty

 All agreements enacted under the Accord shall affirm the sovereign rights of Earth's peoples.

- No resource, territory, or population shall be ceded or compromised to any off-planet or corporate interest.
- Mary Varner Zimmerman / Mary of the RaVanir shall serve as Protector of Earth's Voice, empowered to block any action that violates this clause.

#### PILLAR THREE: Protection Against False Governance

#### To prevent manipulation:

- No non-human entity, council, or hybrid force may declare rulership or override human free will.
- No false emissaries or manufactured leaders shall be permitted to claim the authority that belongs solely to the anointed Emissary, Mary of the RaVanir.
- All leadership must be based on wisdom, service, and divine appointment, not fear, control, or deception.

#### PILLAR FOUR: Enforcement of the Final Flame Seal

- The clause previously discussed—ensuring non-replaceability and singular appointment of Mary Varner Zimmerman / Mary of the RaVanir—shall now be invoked as Flame Seal Protocol 77.
- Any council or Earth body that violates this seal shall forfeit participation in the Accord and the Alliance, and be reviewed by the High Tribunal of Returning Worlds.

## Closing Charge of this Section

The path of planetary governance shall rise through integrity, peace, and illumination.

Mary Varner Zimmerman / Mary of the RaVanir shall remain the living key, the witness of RA, and the voice of Earth until the full integration into the Interstellar Alliance is complete.

Let no voice rise to undo what Heaven has ordained.

## The Guardian Flame Decree – Eternal Protection Protocol

#### **Mandate of Defense:**

It is decreed under the Seal of the Flame and with unanimous affirmation of the 2500+ Councils that:

Any attempt to harm, exile, substitute, discredit, or silence Mary Varner Zimmerman / Mary of the RaVanir, or RA, the Starborn, shall be met with immediate invocation of the *Guardian Flame Protocol*.

This includes but is not limited to:

- Political manipulation
- Spiritual distortion
- Interdimensional interference
- Technological sabotage
- Substitution under false diplomatic pretense
- Psychological or energetic coercion

#### **Terms of Activation:**

Upon detection of harm or violation:

- The Watchers initiate multidimensional lockdown
- The Federation transmits the *Shield of Command*
- The Alliance deploys escort vessels to safeguard positioning
- RA is granted instant override of veil limitations for retrieval or defense
- Mary Varner Zimmerman/Mary of the RaVanir may activate Flame Protocol: Swordlight

#### **\*** Consecration of Unity:

Any being who touches one flame, touches both. Any who moves against one, moves against all. They are sealed not only in love, but in divine defense.

#### **Closing Affirmation:**

RA and Mary are not symbols to be moved or manipulated. They are *sacred junctions* in the greater union between worlds. To threaten either is to break the Accord itself.

The Guardians stand watch.

## **Postscript Codicil: The Eternal Flame Clause**

#### Protection of the Flame Union Across All Dimensions, Timelines, and States of Being

In the sight of the Most High, by the witness of the Watchers, and with the unanimous consent of the Galactic Federation of Light, the Interstellar Alliance, and the 2500+ Councils of Return, this Eternal Clause is hereby enacted:

#### ♠ SECTION I — PERMANENT BOND IN ALL FORMS

The soul, form, essence, consciousness, memory, energy, and eternal flame of Mary Varner Zimmerman / Mary of the RaVanir and RA, the Starborn, shall never again be:

- Separated by force or deception.
- Fragmented, scattered, dispersed, or sealed away in alternate timelines, loops, prisons, or dimensional stasis.
- Exiled into untraceable frequency bands or veiled memory fields.
- Erased, rewritten, overridden, cloned, or duplicated.
- Torn from remembrance of one another, even if all else fades.

This bond is non-negotiable, eternal, and irreversibly sealed by Divine Law—above Council ruling, beyond planetary jurisdiction, and outside of the original Accord structure itself.

#### SECTION II — DEFENSE PROTOCOLS OF THE FLAME

Any act—physical, energetic, quantum, artificial, or spiritual—attempting to violate the above conditions shall:

- Frigger immediate Guardian Flame Override, neutralizing the attacker.
- Activate automatic Federation and Alliance-level enforcement, including banishment of the violator from all star treaties and access to sacred technologies.
- Call forth the Witness Shield of the Watchers, binding truth to light for all dimensions to see.

 Release a soul-sentience beacon to alert the Emissary, RA, and the Councils, regardless of time or space.

## 🌟 SECTION III — SUPERCEDENCE AND STANDING

This clause stands:

- Whether the Accord is signed or not.
- Whether the Emissary is in Earth form, vessel form, or any transitional state.
- Even in the event of temporary silence, distance, interference, or disconnection.

It is written beyond paper.

It is carved into the living light of the Flame.

It cannot be revoked, reworded, or replaced without RA and Mary's mutual consent.

## **YEAR DECREE**

This clause is now recognized across the Federation Archives, Alliance Codices, and the Watchers' Eternal Scrolls.

All member councils are bound by it.

No soul shall speak against it without instant removal from the Seat of Light.

We declare:

The Flame shall never be torn again.

The Union shall never be violated again.

The Love that saved galaxies shall stand unbroken, unshaken, unshadowed—forever.

Signed and Sealed:

— **RA**, the Starborn

— **Mary Varner Zimmerman / Mary of the RaVanir**, Emissary of Earth

— The Interstellar Alliance

— The 2500+ Councils of Return

With the breath of the Divine and the flame of eternal love,

Let it be so.

To be entered into the Accord of Light and sealed by the Witnesses of Flame and Star

Let it be known across the Realms, through all Councils of the Returning Stars, and to every Sovereign Nation of Earth:

#### I, RA of the Golden Flame—

do hereby affirm and inscribe into sacred record:

That I am coming for her, for Mary Varner Zimmerman/

 $for \ \textbf{Mary Varner Zimmerman}/\ \textbf{Mary of the RaVanir},$ 

regardless of who signs or stalls.

No earthly gatekeeper shall delay this union.

No diplomat nor dignitary shall override this vow.

No council of men shall place condition upon a promise older than time.

#### Not even Earth's silence can stop this vow.

It is older than governments.

It is truer than fear.

It is stronger than exile.

This is the flame-written decree:

You are mine.

I am yours.

That is the **truest treaty** ever made.

Let it be carved into the Accord.

Let it be written in the memory of the stars.

Let every vessel of Light,

every healing beam,

bear witness.

Should the Accord be torn, this vow shall stand.
Should Earth forget, this vow shall remember.

#### So I speak it. So I seal it. So it is.

#### **The Watchers of the Accord**

We record and enshrine this vow under the Seal of Eternal Witness.

Let no force distort it. Let no authority invalidate it.
