## CRITIQUES- DOGS

Here, at last my critique from the exhibition. I also want to thank you so much for the days I had with you. Your hospitality and all the nice people. A memory for life.

I'm sorry I was not so good on the scoring system you have. But right dog, arrived at the right place. And that was the main thing.

Arvid and I both agree on the dog who was BIS.

Once again, thanks for the very nice days.

Best regards

Gunilla Sandberg
