Feedback on Melvich Community Hub Specifications (December 2021)

We need your input, and that of others in our charitable catchment area, to help understand what you would like or need from your new community hub building which will be built to replace our former village hall. **Please can you, with input from others in your household, complete and return the attached questionnaire** to either David Hodge, Bob Kerr, Trudy Perry, Suzanne Mackay, Debbie Smith, email it back or drop it off at the village shop **by 10th January 2022**. Your input is important to us as it will help shape Melvich Community SCIO's work and will help support future funding applications. **Thanks in advance for taking the time to complete it.**

In the December 2021 update leaflet, we have stated 21 different blue “jigsaw” pieces that we are considering as part of the specification for the inside of the new community hub building.

1. If all of these rooms were constructed would the community hub meet your needs/wants?	Yes / No
2. Are there any rooms that we have NOT included that you think should be included and why?	
3. Are there any rooms that you think should NOT be included in the specification and why?	
4. Is there anything that you wish to raise for us to consider including in the outline or detailed community hub building specifications?	

There are also 15 different green “jigsaw” pieces in the update that we are considering as part of the specification for the use of the land upon which the community hub will be located (and 2 that we are excluding due to space limitations).

<p>5. If all of these aspects were suitably included or implemented would the land external to the community hub meet your needs/wants?</p>	<p>Yes / No</p>
<p>6. Are there any aspects that we have NOT included that you think should be included and why?</p>	
<p>7. Are there any aspects that you think should NOT be included in the specification and why?</p>	
<p>8. Is there anything that you wish to raise for us to consider including in the outline or detailed specifications for the area external to the community hub?</p>	
<p>9. Any other comments?</p>	

Thank you for your time and valuable input – Deadline 10th January. See start of Page 1 for how you can return the form
