## **CAPABILITIES**

As an insurance brokerage PMI Solutions, LLC will assist you in determining the financial impact of certain plan changes, administration, funding options of your clients and provide a detailed evaluation of a groups renewal terms given their demographics, experience and business conditions. Also, provide open enrollment, new hire orientation, shared account management product placement and health fairs.

Monitor key health and client issues and provide updates to human resource professionals on trends.

Provide technology solutions to increase (employees' and their dependents') understanding and appreciation of their benefits, and to relieve day-to day administrative burdens for you and your clients.

## **STRATEGIC PLANNING**

Strategic planning is a process that is unique to each organization. It is not a one-time event but rather a fluid process that changes as internal and external factors change. While most companies claim to have a benefits strategy, few have actually gone through a formalized and detailed process to deliver a strategic document that is the centerpiece for how benefits will be delivered. At PMI Solutions, LLC we do just that.
