

EVENT ORGANIZATION

BIRTHDAY PARTY

Any excuse is good to organize a birthday party, and at Manuela we help you with all the details to organize it.

No matter what the issue, if you don't have time, do not worry, enjoy a wonderful day at the beach, and when you return you can surprise him/her with a birthday party that you will never forget.

It may not be the best party of the century, but we assure you that it will be the most exclusive and special, without stress and without haste.

Some important questions to keep in mind that we recommend:

- Timetable: better at sunset from 6:00 p.m., Friday and Saturday, although it will depend on the weather. It is important to take it into account, especially if there is a lift.
- Quote: you must take into account if you want food, drink and a special performance (magician, clown, etc.), and of course the birthday cake.
- Decoration: we take care of everything. You just have to keep in mind that, if you want a special theme, you should consider whilst preparing your budget.
- Music: we have different playlists for you to enjoy, and of course the traditional "happy birthday" will not be missing. We can also help you hire live music, you just have to choose the type of music you want to enjoy.
- Gifts: if you don't know what to give, we will also help you and take care of buying it. You just have to decide how much you want to spend.
- Location: we recommend holding the party on the terrace next to the pool. No more than 20 people, so that the guests feel comfortable and can enjoy themselves peacefully.
- Guest invitations: we take care of designing your digital invitation so that you can send it to the guests.

We organize two types of parties, although it depends on the age of the birthday people and the quote: children and adults.

BARBEACUE

Manuela is a perfect place to organize your BBQ. It is a very appreciative type of gathering and a perfect excuse to get together with your friends or family.

It is generally inexpensive, although it will depend on the quality of the ingredients and the number of people you invite.

In Manuela you will have a modern American gas BBQ, so you can forget about coal, very much in line with our sustainable values with the environment. In addition, it is very useful, clean and fast.

Some details to keep in mind to organize your BBQ:

- How many people are going to attend, it will help us to calculate the amount of food and drink that we will need.
- Deciding what the starters will be, while we are preparing the BBQ, is one of the most precious times.
- Who will be in charge of the BBQ and have the appropriate utensils. Never forget the BBQ tongs that will allow us not to burn ourselves.
- If there are children, you should take this into account when buying food, from hamburgers to sausages.
- Starters: perhaps the foods that takes the longest to cook, for example, bacon skewers and sausages. On one side you can roast the vegetables, they usually take less time to cook. Do not forget to add a good spray of oil, salt and pepper.
- Chicken and Turkey: the chicken fillet is almost a must in a BBQ, mainly because everyone likes it. Chicken drumsticks or wings are also an alternative. We also recommend turkey chops, and if they are marinated they will be perfect.
- Pork: very typical in Cádiz. From the typical "filetitos", the Iberian secret cut of pork, long strip of meat and shoulder loin. It depends on the level of fat you like.
- Retinto Beef: it is the meat of the region of la janda, you can make hamburgers, chops or sirloins. As it is a red meat, we advise to leave it for the end.
- Sauces: it is one of the most important parts of the BBQ. We can surprise our guests with original, classic or invented sauces for the occasion (barbecue, chimichurri, mayonnaise, mustard, soy, honey and others).

If you like we can help you, we can take care of everything, give us your ideas and we will give you a quote.

LUNCHS AND DINNERS

Manuela Villa is a very special place to organize your exclusive lunches and dinners, although it will depend on the number of people and the budget you have.

Everything is possible, we just have to get to work, define how much you want to spend per person, what kind of food you want and we give you different options.

Our recommendation is to organize a dinner, it will be more exclusive, you will enjoy it and the place will look better, although it will depend on the weather. The ideal place is the terrace next to the pool. If the weather is not good, it will have to be organized inside. In this case the number of guests will be limited to 10 people. Outside, we can organize it for up to 20 people, although it will depend on the type of dinner, whether it is a cocktail or at the table.

We have a luxury catering, from the best companies in Chiclana de la Frontera "Momento Andaluz"

We have menus designed with quotes very in line with your needs, but we adapt to your tastes and expectations.

If you don't have a lot of quotes, we can also organize it, give us your ideas and we will take care of it. Ask us for a quote, contact us.
