I want to take a moment to thank you, the donor of this scholarship, for giving me the opportunity to further advance on my educational goals at NOVA. This scholarship will help me in paying for books, materials, and tools needed for my Fall classes and beyond. I am a cancer survivor and going back to school to finish my Engineering degree is important to me; and I want to thank you for the support that you are giving me to take one step forward towards graduation.

To Whom It May Concern: My name is Chae Eun Jung. I am currently a nursing student at NOVA Medical campus. I am also a single parent that was struggling financially due to the pandemic and receiving no help from my family. The upcoming Fall 2022 semester will be my last and final semester for the NOVA's Nursing Program. Other than to obtain my RN degree, my goal is to become financially independent and devote my time giving back to the community not just through my job but to help single parents who were once in my situation. I wanted to take this opportunity to thank you for your generous support. This scholarship will help me tremendously with transportation assistance and with childcare throughout the semester. Thank you so much again.
