TASTE ARIZONA FIRST

THE ORIGIN OF AZ WINE

THE SELF-SUSTAINING MISSIONS AND PRIESTS WHO SETTLED IN SOUTHERN ARIZONA NEEDED TO HOLD DAILY MASS; CENTRAL TO EACH MASS WAS WINE, WHICH REPRESENTED THE BLOOD OF CHRIST. THE MONKS NEEDED A LOCAL SOURCE FOR THEIR SACRAMENTAL WINE SINCE THE NEAREST SUPPLY WAS SEVERAL MONTHS TRAVEL. THIS IS WHEN GRAPEVINES WERE FIRST INTRODUCED IN SOUTHERN ARIZONA.

GRAPE VINE PLANTING WAS HINDERED BY SPANISH LAW WHICH IN 1595 FORBODE THE EXPORTATION OF SPANISH GRAPE VINES TO PROTECT THE SPANISH AGRICULTURAL INDUSTRY. AT THE TIME, SPANISH WINE EXPORTS PROVIDED ONE FOURTH THE FOREIGN TRADE REVENUE OF SPAIN. THE PRIESTS CHOSE TO IGNORE THIS ECONOMIC LAW AND SMUGGLED VINES OUT OF SPAIN. THE CUTTINGS BROUGHT BY THE MISSIONARIES WERE OF VITIS VINIFERA, COMMONLY CALLED THE "MISSION GRAPE" IN SOUTH AMERICA, THE GRAPE IS REFERRED TO AS PAÍS.

SONOITA VINEYARDS IS THE LAST VINEYARD IN ARIZONA TO GROW THE ORIGINAL CLONE FROM CUTTINGS GIFTED TO THEM BY FATHER GREG ADOLF, THE CATHOLIC PRIEST AT ST. ANDREW'S IN SIERRA VISTA, ARIZONA. HOWEVER, IN THIS DAY THERE ARE MANY SPANISH VARIETALS GROWN IN SOUTHEAST ARIZONA.

WILLCOX PRODUCES ABOUT 70% OF ARIZONA'S WINE GRAPES. DRAGON MOUNTAIN VINEYARD IS THE LARGEST VINEYARD IN AZ AND LIKELY, THE MOST DIVERSE FAMILY VINEYARD IN THE WORLD.
