# STEAM<sup>2</sup>

## INTO SUMMER

Science      Engineering      Montessori  
Technology      Arts & Adventure

### We take STEM learning to the next level!

We apply Science, Technology, Engineering through Art and Adventure; driven by Montessori's hands-on learning. Kids are immersed in outdoor experiences and sports on our wooded 9 acre campus. Where STEAM and the outdoors collide!

Open to Ages 2 months - 14 years / July 5th - August 26, 2022

Infant · Toddler · Primary · Elementary · Middle School

8 weeks of **STEAM<sup>2</sup>** only at  The Montessori School Rochester

Register for one Camp Session or both!

### CAMP JULY

**Woodworking & Performing Arts**  
4 weeks: Jul 5<sup>th</sup> - Jul 29<sup>th</sup> 2022

Let your child's creativity flow through woodworking, crafting and more! They will discover 3D printing, simple machines and make their own constructions. Under the guidance of our master woodworker and camp leads, kids will learn to use tools safely and responsibly.

Music, dance and drama will converge as kids discover creative expression through performance. Young musicians will explore different musical styles and instruments, all the while moving and grooving. We be jammin' through July!

### CAMP AUGUST

**Warrior Art & Travel Blogger**  
4 weeks: Aug 1<sup>st</sup> - Aug 26<sup>th</sup> 2022

Run, explore, climb and code! Our summer warriors will navigate trails using natural elements to communicate with each other in secret code and complete special missions. Along the way they will think like a programmer, playing blindfolded call and response games outdoors. Little warriors will explore nature's palette using mud, water, leaves, soil, flowers, seeds and grass to make outdoor art.

Home for the summer and yet a world away - your child will be taken under the oceans, around the globe through cuisine and deep into the miniature realm of bugs. All the while they will be chronicling their travels, perfecting their photography and filmmaking.

Are **y:ö:u** ready?

**Bike & Splash Fridays!**  
(Bring your own bike & helmet).

No Admission Fee!
