About us

- Established in Rochester Hills, Michigan in 2010, we offer every child a safe and nurturing environment to grow and learn.
- Each classroom is led by a Montessori Guide and supported by teaching assistants. Guides are certified by the Association Montessori Internationale and /or the American Montessori Society.
- Their role is to facilitate each child's learning based on their individual needs and interests. In so doing, our guides lead each child to discover their own talents and potential while inspiring a love of learning.
- Our Guides offer stability, warmth and experience. They undergo quarterly training and development, bringing fresh ideas to their classrooms.
- By inspiring the joyful discovery of self and a passion for learning and independent thinking, we empower children to be knowledgeable and responsible citizens who contribute to their community and make an impact in the world.

Welcome to the Infant Community

In our Montessori Infant environment, your child will be with Guides who are loving, nurturing, and rigorously trained in child development. We have created a peaceful, supportive, and safe environment for our youngest students where their natural passion for wonder, curiosity, discovery, exploration and independence are fostered. We follow the child's lead and adhere to an on demand eating and sleeping schedule to assist in meeting the ever-changing needs of each individual infant. With an emphasis on language development and independence, your child can freely discover how the world works and how he/she works within the world while developing a strong foundation for self-worth and future education. Communication with parents allows us to work as a team to help each child reach their potential.

About the Guide

My name is Erin Mallory and I am the Lead Guide for the Infant Community, “The Nest Room”, as well as the Program Director at The Montessori School Rochester. This is my third year working with this amazing school and 12th year as an AMS trained Montessori Guide. I have 2 beautiful daughters who are lucky enough to attend MSR as well.

I feel so blessed to work with the most prepared, loving and creative team to create a warm and nurturing home-like Montessori Environment for your child. We feel it is an honor to get to know your child and aide them in their development while having fun along the way.

Communication is key so please never hesitate to reach out with any questions or concerns, or share stories from home. We look forward to working with you and your student.

E-mail: erin.mallory@themsr.net or call the office: 248-453-5757.

About the Infant community

What to expect the 1st week of school:

Our mission the first week is to help the children find peace and comfort in the environment. We will do our best to have the closest to “normal” first day and week as possible so the children can start to get a feel for the classroom routines.

Children may take a few days or weeks to adjust as we get to know each other. Communication between parents and guides is key to making this transition easy. Please share with us your typical day/routine at home so that we may better understand your child’s needs/wants as we learn how they communicate.

Tips to do at home

Establish routines at home and share what they are with the guides. Let us know any particular needs your child has and keep in close communication. We love hearing about your child! As they grow, allow them more and more independence at home. We can help guide you in what is appropriate for their specific age and development.

Label everything

Please label all clothing, bibs, burp cloths, blankets, coats, hats, mittens, sunscreen, rash cream, wipes, shoes, etc. Things often get shuffled around with our curious explorers and we would like to be able to make sure all your items are returned to their rightful owner. Thank you!

Weather/Outside time

We try to go outside as much as possible. Please send appropriate outdoor weather gear for your child’s needs. Please label everything.

Season	Sent home daily	Stays at school
Warmer months ●	Outdoor shoes for walking children	Sunscreen, sun hat, boots
Colder months ●	Jacket <u>safe for car seat</u> and hat	Snowsuit, mittens, warm boots

First day of school process/separation issues

Please be aware that drop off and pick up will be new to children and parents, so it may be hard at first. It is important to stay positive and give a quick cheerful goodbye as this sets them up to trust and have a great day. We thank you for your patience and trust during this transition period.

Snack/lunch process

Children at this age are fed on demand. We will work alongside parents to establish an eating routine that is appropriate for your child and their needs. Older students are typically offered 2 snacks and lunch throughout the day (breakfast if they arrive early).

We invite you to bring liquids in a thermos rather than sippy cups, as drinks will be poured into small glasses aiding in the development of drinking from an open cup. Water bottles (provided by parent) are also available throughout the school day for those who are drinking water. All foods for infants eating solids should be presented in a way that encourages independent feeding, both finger foods and foods needing utensils are encouraged. We will be doing extensive work in care of self for these little friends.

Each bottle/food container must be labeled with your child's first and last name, the date of preparation and contents; per licensing requirement (you may use any "daycare food labels"). If you have a child who eats multiple times while in our care, it is also helpful to specify which item you'd like them to eat when (Ex. Morning snack, lunch, afternoon snack) otherwise we will use our best judgement.

How the day flows/schedule/importance of being on time

At this age, students are able to eat and sleep on demand. We do try to establish routines which often bring comfort to our students as they know what to expect next. Knowing your child's current schedule/routine at home is very helpful as we begin to get to know them better.

Transparent Classroom App is where we input your child's daily information of toileting, what they ate, nap, photos, etc. We try to input into the app in the moment; please be patient as the needs of the children are our utmost priority. [Please refer to page 12 for more information about Transparent Classroom.](#)

Please utilize the tool of Transparent Classroom to leave a note including when your child last ate/ had a diaper/ woke so that we can better know their needs upon arrival.

Once settled in, it is encouraged to try to mimic the school routines as much as possible at home on the weekends in order to make the transition back to school easier on the child. We thank you so much for the team effort it takes in aiding for the development of these amazing little people.

Direct Communication

Feel free to check in during the day and we will try our best to communicate with you as well especially during the first few days/weeks. Be patient as the needs of the children come before answering any calls or e-mails. We will always get back to you when we can. E-mail: erin.mallory@themsr.net or call the office: 248-453-5757.

Your child will bring home a **Red Folder** every Friday that contains any papers, coloring, or work they've done during the week and/or notifications from the office. Please return the folder the following Monday.

Illness Policies and Safety Precautions

The Montessori School Rochester will take the necessary precautions to contain and prevent the spread of contagious illnesses or diseases.

- a. Parents must recognize that, while in care, it is possible that your child may be exposed to a contagious illness or disease. To help reduce the risk of spreading illnesses please keep your child at home if he or she is ill. Your child will rest more comfortably at home and the chances of a contagious illness spreading to other children in the school will be lessened.
- b. Under the following circumstances, your child **MUST NOT** come to school:
 1. He/she has a temperature above normal (100.4 F). A child who has had a fever must remain home at least 24 hours after the fever has broken.
 2. She/he has a rash, unless accompanied with a doctor's note.
 3. She/he has a discharge from eyes or ears.
 4. She/he has a colored discharge from nose.
 5. She/he has vomited within 24 hours.
 6. She/he has diarrhea.
 7. She/he is not well enough to play outside, weather permitting, outside recess is daily.
 8. She/he shows any signs or symptoms associated with COVID-19. (Fever or chills, Cough, Shortness of breath or difficulty breathing, Fatigue, Muscle or body aches, Headache, New loss of taste or smell, Sore throat, Congestion or runny nose, Nausea or vomiting, Diarrhea)
 9. If somebody in your household or in close proximity to the child has had a positive diagnosis of COVID-19. If traveled internationally and/or out of state or combined households; in this case your child MUST self-quarantine for 14 days.
- c. All accidents and suspected illnesses will be reported directly to you.
- d. In instances of communicable diseases that have contaminated the school, parents will receive written notification. To aid in this communication, please notify the school immediately if your child has contracted any illness that could be perceived as contagious.
- e. Any child to arrive at school with noticeable symptoms will be sent home immediately.
- f. If symptoms develop during the course of the day, a parent will be notified, and the child should be picked up within 1 hour of notification.
- g. In the event that you cannot be reached, the emergency contacts should be listed on your Child Information Record Card (a required form).
- h. Any bedding, classroom items, toilet and lavatory used by a sick child will be appropriately cleaned and sanitized before being used by another child.

Back to school, tips for Parents.

We hope that the following tips are helpful to you as we return to school and make the entire experience easier, filled with joy and happiness.

1. Be Patient

Have empathy for your child. Acknowledge that it is a new and different place. Do this with confidence. Remember how you felt on the first day of your new job? The first week? How long did it take for you to feel comfortable? Your child has less experience than you in handling emotions. Support them and encourage them.

“It is a new place. It felt so comfortable when we visited. There are so many people waiting to be your friends”

2. Encourage independence

Prepare your child for independence. Develop within him a “you can do this all by yourself” feeling. All children, regardless of age, seek independence. They want to be in control. Give them control over this new situation. Let them choose their clothes, get dressed independently, pack their lunch with you. Give them time.

3. Be well rested

Start the school year bedtime routine early. Set the school year bedtime a week or two before school starts. Practice the morning routine as well.

Wake up, dress, have breakfast and brush your teeth. The order is up to you, but set the stage early, so that you establish the morning routine to ease their comfort.

4. Establish a routine

Keep it simple. Engage your child in the process. And give yourselves time. No morning rush to increase your own stress level.

5. Remain calm

Your child will feed off of your emotions. Remember, you chose this school, you met the teachers, you liked the environment. You chose to entrust your most valuable possession to educators dedicated to care for your child. Therefore, give this confidence to your children. Emotion is the first language children learn.

“A peaceful parent encourages a peaceful child”

6. Be understanding

Remember that your child's cries are most likely saying "I will miss you or I'm nervous." Reassure them that you are coming back and that they are staying with people you trust.

7. Positive Goodbyes

Give yourself a 1,2,3 on saying goodbye. Make it quick and keep it consistent.

8. Be Punctual

Pick up your child on time. It doesn't feel good to be the last child picked up. This can increase their anxiety and falsely confirm their doubts of your coming back to pick them up. Give yourself time to be on time.

9. Engage in conversation

When you pick your child up, engage them in positive conversation:

"What happened that made you laugh?"

Which friend did you enjoy today?"

What was the most interesting thing you learned?"
