### Fatal Accident To Four Year Old Boy Near Terre Hill

Crushed between the brake bars and wheel of a two horse wagon loaded with wheat, Ammon N. Martin, four year-old son of Mr. and Mrs. Rufus N. Martin, Jr., of near Terre Hill, was killed at 8 o'clock Wednesday morning.

The child with several companions was playing on the wagon while the father loaded wheat for a nearby mill. Martin said that when the wheat was loaded he looked around and believed the children had left the wagon. It is believed that the boy was clinging to the side of the wagon where he could not be seen by the father.

It is believed the child tried to drop from the side to the ground and was drawn into the brake by the revolving wheel.

Dr. John A. Hoffman, New Holland, was summoned and said the child's chest was crushed and he was injured internally.

Justice of the Peace B. Y. Plank, Terre Hill, Deputy Coroner, made the investigation and returned a verdict of accidental death.

In addition to the parents, the child is survived by three brothers, Levy, Rufus and David and one sister, Emma all at home.

Funeral services on Saturday at 12 o'clock noon at the house and 2 P. M. in Groffdale Mennonite Church with interment in the adjoining cemetery.

## POET'S CORNER

### Washington at Home

It was not wars  
He dreamed of then,  
On green Mount Vernon's hill;  
Far from a world of restless men  
He held communion  
With simple things—  
Brown fields and singing birds,  
Potomac's placid stream,  
And as the nights came on  
He sat with her whose faith  
Had carried him  
Through all perplexities,  
And made him best beloved  
In all the land.

Thank God for Washington,  
Whose vision saw a nation  
Freed of strife,  
Who stayed a tyrant's hand  
And gave in stead,  
The fuller life.

township, Lancaster county, to the

section includes "suburbs" in which  
residents have recently built houses  
and want borough streets and facili-  
ties. The road to Terre Hill lies in  
the new section.

The plans, drawn by Borough En-  
gineer Earle M. Frankhouser, state  
that the section is adjacent to or in-  
cludes land of Carrie Custer, Freder-

## Highway Lighting to Cut Night Accidents

According to a report recently issued  
by L. J. Schrenk, General Superintend-  
ent of the Public Lighting Commission  
of Detroit, through improved lighting  
on 31 miles of streets the ratio of  
night accidents to day accidents in  
Detroit has been reduced from seven  
to one, to 1.25 to one. "These results,"  
the report states, "show that night  
traffic accidents can be materially re-  
duced with adequate street lighting.  
There is no doubt that a properly de-  
signed street or highway lighting sys-  
tem will provide safety at night equal  
to that by day while traveling at the  
same speed."

Adequate illumination along the high-  
ways is the only solution to abnormal  
night accident rates on rural high-  
ways, Mr. Schrenk believes, and light-  
ing on heavily travelled and hazardous  
portions of highways must be regarded  
as an essential feature of highway con-  
struction. Admittedly, he says, such  
lighting costs money, but studies by  
state highway departments and casu-  
alty underwriters show that the ab-  
sence of lighting may cost two or three  
times as much as the lighting. In ad-  
dition there is the humanitarian value  
of the accidents prevented by lighting.

## Tobacco Price Trend Upward Growers Report

About 10 per cent of the 1937 to-  
bacco crop has been bought by Inde-  
pendent packers and the smaller man-  
ufacturers. It was estimated Friday  
night at the Tobacco Growers' associ-  
ation meeting in the Woolworth build-  
ing.

Prices have varied according to  
quality of individual crops but the  
price trend has been upward, growers  
said. The highest prices reported were  
10 cents "through" for pulled-off crops  
and 15½ and 5 for sorted tobacco.  
One grower with an exceptional crop  
received 20 cents and several growers  
had offers of 18 cents for their leaf,  
according to crop reports submitted at  
the meeting. A majority have their  
tobacco striped and ready for the  
market.

Practically all the "pull-off" crops  
in Chester county are already sold at  
from 6½ to 9 cents "through," with  
one grower receiving 10 cents. Nor-  
man Sheiner, Parkstown R. D. 2, re-  
ported. Another grower said nearly  
all the crop in Lebanon county has been  
marketed.

## CHOOSING COMPANIONS IN SERVICE

LESSON TEXT—Mark 3:7-19, 31-35.  
GOLDEN TEXT—For whosoever shall do  
the will of God, the same is my brother—  
Mark 3:35.  
PRIMARY TOPIC—Twelve Men Who  
Went With Jesus.  
JUNIOR TOPIC—Twelve Men Who Went  
With Jesus.  
INTERMEDIATE AND SENIOR TOPIC  
—Working With Others for Christ.  
YOUNG PEOPLE AND ADULT TOPIC—  
Comradeship in Christian Service.

"God can save a man who is all  
alone on the top of the Alps." So  
spoke one who sought to discourage  
another who wanted to give his  
life for Christian service. No one  
questions that God could thus carry  
on His work in sovereign power, and  
that there are times when He does  
that very thing. But ordinarily  
God works through men. It was  
"the sword of the Lord, and of  
Gideon" (Judges 7:18).

What a glorious, inspiring truth it  
is that God calls men into compan-  
ionship with Him for service. Sinful  
and weak though they be they may  
become strong and holy, and do  
valiant service for Him.

**I. The Need of Christian Workers**  
(vv. 7-11).

Although the hostility to Christ  
was growing apace among the relig-  
ious leaders, the people thronged  
about Him in the hope they might  
have deliverance from the devil and  
from disease. The need was so great  
that the Lord Jesus now prepared  
to call those who were to be His  
fellow-servants.

The multitudes are in just as des-  
perate need of Christ and of the  
ministry of His church today. Why,  
then, do they not crowd the churches  
and press in around His servants?  
That is the question over which  
leaders of the church are puzzled.  
There may be many reasons, but  
we suggest two as being at least  
worthy of careful thought. The first  
is that we live in a time of apostasy.  
In the time of Christ men had only  
begun to hear His message of deliv-  
erance. In our day men have  
heard and heard again and have  
hardened their hearts.

Another reason is that in many,  
perhaps most, instances, the church  
has so far separated itself from the  
Lord that it has no power. Needy  
men are not interested in the  
dead observance of religious forms.  
They want to see the workings of  
the power of the Most High God!

Whether men know their need or  
not, whether they throng our  
churches or not, their very need of  
Christ should impel us to serve the  
Master in reaching them. The love  
of Christ should constrain us.

**II. The Call to Christian Work**  
(vv. 12-19).

Much might be said at this point  
but we must limit ourselves to two  
thoughts. Note that the Lord chooses  
his own workers; we do not choose  
to work for Him. Then be en-  
couraged by the fact that He chose  
men of widely differing gifts, tem-  
peraments, and personal character-  
istics.

Then we note that He called some  
of unusual ability, others with little  
ability; some learned, and some  
unlearned—fishermen, a tax-gather-  
er, and others of various occupa-  
tions. Note that none were by pro-  
fession preachers. What a comfort

# STATUE FOR NEW YORK FAIR MALL

**NEW YORK**—Symbolizing mankind's control of  
nature, this large statue will have a prominent place  
on the \$60,000,000 Central Mall of the New York World's  
Fair 1939. Dozens of statues and murals will turn the

pages of history and portray in patriotic themes the  
rise of the United States to a commanding position in  
the world's affairs. Two other companion statues will  
make this group an imposing one.

## Interpreters at Fair

So many visitors from foreign shores  
are expected at the New York World's  
Fair 1939 that a special interpreters'  
service will be established in the Ho-  
pitality Center building.

ber ever to participate at any inter-

## Three and One Half Ton Light Bulb Honors Edison

A 3 1/2 ton electric light bulb 14 feet  
high atop a 130 foot tower started  
burning Friday in honor of Thomas  
Alva Edison, over the site of the lab-  
oratory where the "Wizard of Menlo  
Park" worked on his inventions from  
1876 to 1886.

On the 91st birthday anniversary  
of the late inventor, his old cronies and  
helpmates who are banded together as  
the Edison Pioneers, gathered in New  
York for their 20th annual luncheon  
(at the Hotel Astor) at which William  
Slocum Barstow, donor of the \$100,000  
memorial tower, was to press a button  
lighting the massive bulb.

**Vain Regrets and Grief**  
Forgive!—the years are slipping  
by, and Life is all too brief—A time  
will come when it's too late for vain  
regrets and grief.

**Come Apart and Rest!**  
Even the busiest lives must have  
their breathing times, when the or-  
dinary strain of effort is relaxed.

**Unconscious Benefaction**  
It may well be that the good we  
unconsciously do exceeds the sum of  
all our purposed benefactions.

This is the source for more than half of the oils and fats used in manufacturing the 3,000,000,000 pounds of soap consumed annually by the American people, according to the State Department of Agriculture. There are 250 soap factories in the United States with a total production valued at \$211,000,000.

## Famous Anthems Result of Some Stirring Event

Stirring events have sometimes inspired a spontaneous anthem. "The Star-spangled Banner," which is generally regarded as the premier anthem of the United States, although it shares duties with "Hail Columbia" and "My Country, 'tis of Thee," was composed to the thunder of British guns, writes a correspondent in Pearson's London Weekly.

In 1814, during the British-American war, a young Baltimore lawyer, Francis Scott Key, undertook to secure the release of a friend held aboard a British warship and went aboard with a letter from the President. The warship's commander acceded to his request, but declined to let him leave at once because he planned to bombard the American harbor forts next morning.

Key remained on board and was an unwilling witness of the reduction of the fortress. When, after hours of bombardment, the American flag continued flying, Key was moved to write the inspiring words of "The Star-spangled Banner." For the time he took the music of an independence marching song which had been very popular during the previous war with Britain. But the music went back even farther than that.

When you stand for "The Star-spangled Banner," you are listening to the music of the Asafrican club, a sporting body that met regularly at a tavern in the Strand, London!

The tune was taken over to America by colonists, who in the end believed it was their own.
