Firemen Given \$150 at Blue Ball

The Ladies Fire Company Auxiliary held a meeting on Friday evening at the home of Mrs. Barbara Martin with the president, Miss Sue Zimmerman, presiding.

During the business session it was decided to give the fire company \$150 towards the recently remodelled hall.

The next meeting will be held, Thursday evening, March 24 at which time the Mysterious sisters will be revealed.

Tobacco Brings 16 Cents

One independent tobacco buyer raised the price of wrappers one cent a pound and dropped the filler price a cent in purchasing one crop last Wednesday. Most of the buyers held to the maximum of 15 and 4.

A. K. Mann and Son purchased a 4-acre crop Wednesday morning for 16 and 8 cents from Samuel S. Good, of East Earl R. D. 1. As Good had comparatively few fillers he was willing to sacrifice the cent drop for these in favor of the advance in the wrapper price.

POET'S CORNER

Judgment

It will not matter overmuch,
Your name, your race, or creed,
But what part of yourself was given,
To meet a bruised world's need.

It will not count, your treasure,
Nor store of worldly gain,
But what you did unselfishly,
To heal a brother's pain.

Mr. and Mrs. Moll will reside near Murrell, and Mr. and Mrs. Hertzog will reside at the home of the bride.

Curbing Bicycles

Manheim borough has tackled the bicycle problem by proposing a system of licensing which will cost the rider 25 cents. The license will be good for life. The cyclist will, however, be subject to fine for violations. Any youth who cannot abide by traffic rules should not ride on a street or public highway. The bicycle regulation should result in better automobile drivers in the future.

Big Drop in Auto Accidents in This Area Since Jan. 1

Automobile accidents in Lancaster county during the first two months of this year were reduced more than 50 per cent over 1937. Corporal John A. Aumon, of the State Motor Police, announced Tuesday. Governor George H. Earle's order to enforce the 50-mile speed law is responsible it is believed.

Throughout the state there was a decrease in accidents and a 37 per cent decrease in Pennsylvania's highway death toll in January as compared with January, 1937, it was announced at Harrisburg.

State Policemen of the Lancaster sub-station investigated 18 accidents in January and February. This was 23 less than in the same months of 1937 when 41 were reported.

Injuries, deaths and property damage show corresponding decreases. In 1937, during January and February, 54 persons were injured and three were killed. So far this year, 15 persons have been injured and two killed.

Electric Utility Crew Answers All Fire Alarms

Day and night, whenever the firemen respond to a fire alarm call, members of the emergency crew of Pennsylvania Power and Light Company arrive on the scene simultaneously. The duty of these men, like that of the firemen is to protect life and property. While the firemen busy themselves to extinguish the fire, the power and light company men take the necessary precautions to cut off the power, if need be, to eliminate danger, take care of fallen wires, give warning of danger to the firemen and bystanders and assure prompt restoration of service in the event of any interruptions caused by the fire.

The presence of the electric company's men, side by side with the firemen is but one of many features of service rendered by electric utility companies to make service dependable, ordinarily unnoticed by the general public.

National Used Car Exchange Week

A national drive to sweep the American automobile industry out of the current recession and stimulate American business generally was announced by Alvan Macauley, speaking for every American automobile manufacturer and the nation's 46,000 automobile dealers.

The campaign, to be known as "National Used Car Exchange Week" and scheduled for March 5 to 12, is an outgrowth of recent conferences at the White House between President Roosevelt and leaders of the automobile industry. Mr. Macauley said. The President has been advised of plans for the campaign, which is the first cooperative effort over undertaken in which all American automobile manufacturers have taken part.

Saved \$160,000

New York—The cost of constructing buildings usually exceeds estimates, but the modernistic Administration Building of the New York World's Fair 1939 was erected for \$740,000, exactly \$160,000 less than had been allotted.

Lancaster County Firemen Hold Monthly Meeting

Dr. W. S. Brendle, pastor of St. John's Reformed church, Denver, was the principal speaker at a meeting of the Lancaster County Firemen's Association held in the Maple Grove skating rink on Friday night. The West Lancaster Fire Company acted as host to the more than 300 firemen representing 37 fire companies.

Dr. Brendle used as his topic, "What a Man Sees from the Pulpit." He said in part, "It is claimed man can only gain fame in literature, invention, statesmanship, philosophy, art and war. This month we celebrated the birthday of one who was greater in peace than war, and his only mistake was made at Gettysburg when he said 'this world will little note nor long remember,' the world has noted, and they have remembered—not forget Lincoln." He continued, "In this day when we are so willing to forget old landmarks and follow new paths, let us not forget Lincoln. Let us hold fast to that which is good."

George L. Herr, of Lampeter, was appointed as publicity chairman to fill the unexpired term of Fred J. Daum, who resigned recently.

Emory P. Wagner, chairman of the banquet committee announced final plans for the fourteenth annual banquet to be held on Saturday, March 19, in Odd Fellows Hall have been completed. He said a turkey dinner will be served and a number of out of town speakers and entertainment have been secured.

The firemen were asked by H. J. Blankenmyer to sponsor a plan for the use of tamper proof electric fuses in the city of Lancaster. A code covering the use of such fuses is being prepared by the electrical contractors of the city it was announced.

A total of 12 fires, with property damage amounting to \$7,136 was reported for the month by Paul Z. Kuler, fire marshal. Two hundred and fifteen firemen, representing 16 companies, traveled a total of 80 miles and saved property valued at \$77,610 during the month it was announced.

The executive committee presented for first reading an amendment to the constitution calling for election of auditors. At present the auditors of the association serve by appointment.

The address of welcome was given by William Ziegler, chief of the host company and entertainment was provided by Clinton Reidell, tricks of magic; Janet Eckert, marimba soloist and Knight and Campbell, instrumental duo.

Officers Elected at Churchtown S. S.

The Churchtown Mennonite Sunday School held a reorganization meeting and elected officers on Sunday afternoon at the regular services. The following were elected:

Superintendent, Alvin W. Weaver; assistant superintendent, Noah. H. Gehman; secretary, Isaac O. Frederick; treasurer, James G. Witman; chorister Samuel Swelgart, and assistant chorister, Mrs. Katie Weaver.

Rev. George N. Good acted as chairman of the reorganization and Eli Z. Martin as secretary. Isaac O. Frederick and James G. Witman were the tellers.

Ephrata Man Injured

William P. Bryson, thirty-five, secretary of the Ephrata school board, was admitted to the Lancaster General hospital Saturday at 4 o'clock, after he fell into a revolving saw, which ripped through his shoe and cut tendons and bones in his right instep.

Bryson was cutting firewood for use by the First United Brethren church, in company with Harry Weldman, of Stevens, Charles Adams, Ephrata, and Irvin Hatt, on Hatt's farm one mile north of Ephrata and lost his balance when a piece of wood was being placed on the bench of the saw. He was taken to the office of Dr. I. G. Wagner, of Ephrata, who administered first aid treatment and ordered him taken to the hospital. His condition was reported as good Saturday night.

Bowmansville

The spelling bee held by the Bowmansville Fire Co. was very largely attended. The following were the prize winners:

Class No. 1 taught by Mark Hoshour: 1st Lester Hornberger; 2nd Master Brubaker; 3rd, Roy Good.

Class No. 2, taught by Miss Florence Walter: 1st, Ethel Palmer 2nd, Esther Mae Newswanger; 3rd, Esther Good.

Class No. 3, taught by Mrs. Margaret Bower: 1st, Richard Sprecher, 2nd, George Newswanger; 3rd, Ralph Stover.

Joseph H. Hursh near this place will have sale of his stock, farming implements and household goods on Tuesday, March 15.

Farmers are Warned of Inferior Seeds

With the domestic supply of clover and alfalfa seed under control this year, prices unusually high, and large quantities of inferior seeds being imported to meet the scarcity, farmers should be more alert than ever this spring when purchasing seed, according to a warning issued Friday by the local Agricultural Extension Service.

Unfortunately, it was pointed out, the bulk of the domestic supply this year is coming from the Pacific coast and tests of these seeds made in Lancaster county in past years revealed that the Pacific coast seed was not as "winter hardy" as seed produced east of the Rocky Mountains—in fact, was little more satisfactory than the better kinds of foreign seed.

"The important thing this season, if a farmer is paying the high prices quoted for domestic seed, is to be sure of its origin," the notice said.

Additional care should also be exercised in the seeding in view of the low supply and high price of adapted seed. "A smaller than customary rate of seeding may be made, if you can be sure that you have a better than average coverage of the seeds that you do sow. No one can prophesy what soil conditions will be in the next few weeks, but so far conditions indicate there may be more reason for using the drill seeder or the broadcaster and the 80-tooth harrow than in average years."

Lesson for March 6

SERVING WITH WHAT WE HAVE

LESSON TEXT—Mark 6:1-13.
GOLDEN TEXT—Such as I have give I thee.—Acts 3:6.
PRIMARY TOPIC—When Jesus Went Home to Nazareth.
JUNIOR TOPIC—On a Journey for Jesus.
INTERMEDIATE AND SENIOR TOPIC—Serving With What We Have.
YOUNG PEOPLE AND ADULT TOPIC—Serving With What We Have.

One of the difficulties we mortals face in dealing with spiritual things is that we interpret things in the realm of the spirit according to the principles and measurements of the physical world. We are quick to say "We cannot" on the basis of logical human reasoning, when an appreciation of the power of God operative on our behalf would enable us to say "We can," and having left God out of our thinking we find that indeed we cannot.

The lesson before us presents two pictures from our Lord's second visit to his home country, Nazareth. On His first visit they had tried to thrust Him over the precipice, and He in all the glory and poise of the Son of God had walked through their midst and done His way. Now He comes again with His disciples. We then see how His home folk virtually made the power of the omnipotent God impotent because of their unbelief. On the other hand we see the weakness of men made mighty because of obedience to the command of God.

I. The Paralysis of Unbelief (vv. 1-6).

The world, the flesh, and the devil have brought forth a dark list of wicked things, but perhaps the most destructive and distressing of all is the foundation sin of unbelief. When we think back to the underlying reason for any sin or weakness in man it will be found that there is a failure to believe God. Men do not believe what He says about sin and its penalty, nor do they believe Him when He offers them grace and strength for victory.

At Nazareth the unbelief which limited the Son of God revealed itself in two questions—

1. "Whence hath this man these things?" (v. 2).

They could not deny His mighty works so they turn their attack on His person. "Is not this the carpenter?" (v. 3). Essentially this was envy, "the difficulty of acknowledging the superiority over themselves of one of their own number" . . . (Morgan).

We are ashamed of the attitude of the men of Nazareth, but we follow in their footsteps. Heavy as the burdens a Christian worker must bear is the unbelief and ridicule of his own people. Because a man has sold us groceries, or painted our house or driven a taxi in our town we cannot see how he could ever be a preacher or a missionary. Well, he can, and it is such folk that God often calls.

2. "What is this wisdom?" (v. 2). The wisdom of Jesus was the wisdom of God (John 7:16). But how could they know that? How can we know? In John 7:17 Jesus gave the answer: "If any man will do his will, he shall know of the doctrine, whether it be of God, or whether I speak of myself." We see then that the reason for their unbelief was really an unwillingness to do

BUY A MODERN CAR NOW—WHILE YOU HAVE MORE TO TRADE AND LESS TO PAY

Get there early while the choice is wide—
fine cars now offered at rock-bottom prices

This National Used Car Exchange Week gives you a great opportunity to OWN A BETTER CAR for a small investment. Automobile dealers co-operating in this big sale have a fine selection of used cars — and prices are far below those of several months ago.

Many are 1937, '36 and '35 models — backed by the finest of dealer guarantees. All have thousands of miles of first-class unused transportation in them.

And the "first-class" transportation of these modern cars represents satisfaction which the owners of older cars can hardly imagine. Beautiful, modern styling — a more comfortable ride — more room for you and your luggage — finer,

more powerful engines — better gas mileage — better brakes — bigger tires — dozens of improvements introduced since your old car was built.

Now's the time to make the switch, while you have more to trade and less to pay. Your present car may cover the down-payment — balance on easy terms. If you have no car to trade, you can still take advantage of the low down-payments and easy terms during this sale.

the will of God. "The controlling motive of their life was wrong. Had they been moved by a desire to do God's will, and a purpose to live in accordance therewith (even though there might have been failure in that earnest effort), they would have known that Jesus had His wisdom from God."

II. The Power of Divine Commission (vv. 7-13).

Just as unbelief hinders even the Son of God, so faith in God and obedience to His command makes of weak and poorly equipped men the mighty servants of God. In fact, their very dependence on Him for all things sets them free to devote themselves fully to the ministry of preaching and healing.

Note that they went "two by two." We have forgotten that divine plan, and often send men into remote and dangerous pioneer work — alone. Man needs fellowship; he needs counsel and control.

Consider also how they were to learn to trust God for their daily sustenance (vv. 8,9). They suffered no lack (see Luke 22:35). These rules for the life of religious workers were modified later (Luke 22:36), but the principle remains the same — the man or woman who is not ready to depend on God for everything had better not set out to follow Him. It is a blessed and delightful life!

Resisting Interference

It is sometimes pretty hard to do something you feel is right against the interference of all the world and her little brother. Sometimes it's a good thing to say "right or wrong, that's my story, and I'm going to stick to it," no matter how many well-meaning friends may advise otherwise. —Ouisie Vapel.

and Aldermen in the City of Lancas-
ter in the said County, and all the
Justices of the Peace, the Coroner and
Constables of the said City and
County of Lancaster, that they
then and there in their own proper
persons with their rolls, records and
examinations, and inquisitions, and
their other remembrances, to do those
things which to their offices apper-
tain, in their behalf to be done; and
also those who will prosecute against
the prisoners who are, or then shall
be, in the jail of the said County of
Lancaster, are to be then and there
to prosecute against them as shall
be just.
