

Quality

Manufactured from .027 Aluminum
Will NEVER Rust
Superior Engineering
20 Year Limited Warranty
Copper Panels Available

Dependable

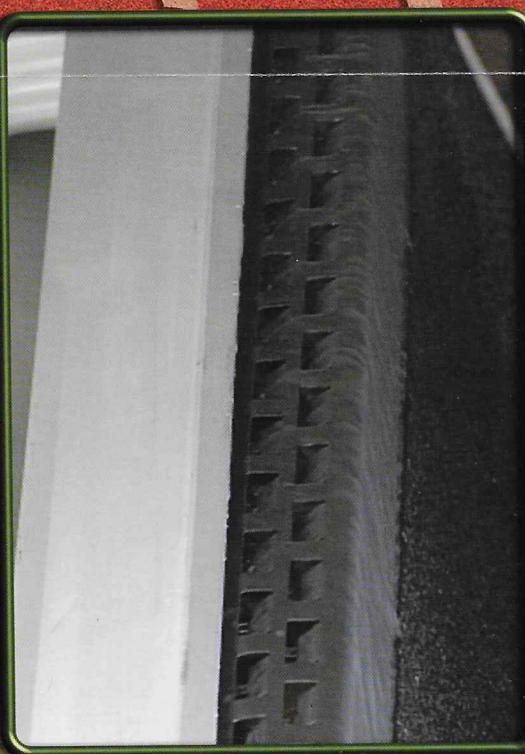

Utilizing 2 laws of physics, and with no openings in the top horizontal plane, our product works 24 hours a day to make your gutters self-cleaning.

Affordable

"Price is what you pay for something one time, cost is what you pay for something over time."
Over time, **Gutter ProTech®** self-cleaning system is the most cost effective gutter protection system you can purchase at any price.

The water drawn in through the louvers on the vertical face of the **Gutter ProTech®** System will wash out the inside of your gutters making them virtually self-cleaning

Selected "Best Gutter Protection System" at the 1998 International Builders Show and installed on "The Millennium Home" Lincolnshire, IL
