January 1, 2022

FSMA Certificate of Compliance

To Whom It May Concern:

This is our letter certifying that the seafood we supply to your company has been produced in a facility that is in compliance with all known food safety requirements of HACCP, Sanitation, Country of Origin, and Allergen controls. We are registered with FDA under the Food Facility Registration # 16940415638.

We at Crystal Seas Seafood guarantee to all our customers that we operate under an approved and inspected food safety system. We are permitted and inspected by the Mississippi Department of Marine Resources for oyster processing (MS 175-SP/PHP). We are audited by DMR and the FDA. All our products are tested for safety and wholesomeness through submission of samples to an approved laboratory.

This Certificate of Compliance is an annually renewed document and is the property of Crystal Seas Seafood. It is considered confidential in nature and should not be reproduced without the consent of the management of Crystal Seas Seafood.
