

GET TO KNOW

SENATOR

**KATIE
MUTH**

WRITE-IN

"If the people
decide that they
want me to be
their Governor,
via write-in, I
would be
honored to
serve them."

FOR GOVERNOR

===== **TUESDAY, NOVEMBER 3RD, 2026** =====

Vote for Change. Protect Our Future.

MORE THAN WORDS A RECORD OF ACTION

Fighting for Environmental Protection

Senator Muth introduced SB 1359, calling for a mandatory **three-year statewide moratorium on hyperscale data centers** and associated infrastructure. She has also introduced SB 453, SB 454, and SB 455 to close Pennsylvania's hazardous waste, leachate, and oil & gas loopholes and strengthen protections against toxic and radioactive waste. In 2021, Senator Muth was one of only four Pennsylvania senators who **voted against the legislation that established the current sales-tax exemption for data center equipment**.

Protecting Pennsylvania Ratepayers

Senator Muth introduced SB 1114 as part of an effort to **prevent families and ordinary utility customers from being stuck with costs associated with massive data center electricity demands**. On data centers directly, Muth introduced SB 1385, which would **prevent data centers from obtaining public utility status**.

Standing Up for First Responders & Public Servants

Senator Muth introduced bipartisan SB 622 to improve **reimbursement for 911 ambulance services** and SB 623 to recognize **emergency dispatchers as first responders**. She co-sponsored SB 563, SB 564 and SB 565, seeking a long-overdue **cost-of-living adjustment for retired Pennsylvania teachers, school employees and state workers**.

Fighting for Pennsylvania Veterans

Senator Muth serves as **Minority Chair of the Senate Veterans Affairs & Emergency Preparedness Committee** and has consistently advocated for veterans to **receive the benefits, services, healthcare, and support they have earned**.

Bringing Resources Back to Communities

Senator Muth's office has helped announce **millions of dollars** in state funding for **fire and EMS services, public safety, parks, transportation, sewer infrastructure** and other community projects throughout her Senate District 44.
