

**JESS DAVIS TRAINING**

Accredited training for your business

## Emergency Paediatric First aid

Our 1-day Emergency Paediatric course is suitable for those who need a good understanding of emergency first aid for children and infants but don't need training on the full EYFS Framework syllabus.

### Six hour training course

- Understanding the role and responsibilities of a paediatric first aider
- Assessing an incident
- Providing first aid for an infant and child who is unresponsive and breathing normally (recovery position)
- Providing first aid for an infant and a child who is unresponsive and not breathing normally (CPR)
- Understanding and using an AED (automated external defibrillator)
- Choking
- Dealing with external bleeding, shock, minor injuries and stings

This qualification and the learning outcomes are based on the recommendations of the Resuscitation Council (UK).

**All delegates will receive an FAA accredited training certificate valid for three years.**

Our team can come to you to deliver the training
