IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

9-Year Asbestos Monitoring Waiver for: **TOWN OF LIMA**

Our water system has been granted a 9-year waiver for asbestos sampling. As our customers, you have a right to know that we are not sampling for asbestos.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of that the drinking water has or has not met health standards. We will not conduct monitoring for asbestos because we have been granted a 9-year waiver by the Montana Department of Environmental Quality Public Drinking Water Section. This waiver is based on our certification that there are no asbestos-containing materials in the distribution system for the Town of Lima's public water supply.

WHAT SHOULD I DO? There is nothing you need to do at this time.

For more information, please contact the Town of Lima at PO Box 184, Lima, MT, 59739 or by phone at (406) 276-3521.

This notice is being posted by the Town of Lima.
