Early Pregnancy & Urgent Antenatal Clinic

ABOUT THIS CLINIC & REFERRAL CRITERIA URGENT SERVICES ONLY

This clinic provides **urgent, time-sensitive early pregnancy and antenatal assessment services** for patients experiencing acute complications. We accept referrals for the following indications only — please review carefully before submitting.

⚠ **Acceptance of this referral is NOT a confirmation of ongoing obstetrical (OB) pregnancy care with an obstetrician at this clinic. This is an urgent assessment service only. If ongoing OB care is required, a separate referral process applies.**

INDICATION FOR REFERRAL SELECT ALL THAT APPLY

- ☐ Early Pregnancy Loss
- ☐ Incomplete Abortion
- ☐ Retained Products of Conception
- ☐ Non-Viable Pregnancy
- ☐ Pregnancy of Unknown Location
- ☐ Early Pregnancy Complication

REFERRING PHYSICIAN

PHYSICIAN NAME	PHONE	FAX

REQUIRED SUPPORTING DOCUMENTATION

Please ensure you **attach all available ultrasound reports and blood work** to this referral to expedite review and acceptance.

☐ Recent Ultrasound Report ☐ Beta hCG Result ☐ Blood Group / Screen

Important: If the patient is scheduled for an ultrasound, they must complete their ultrasound *before* their clinic appointment. Upon completion, proceed directly to the Early Pregnancy & Urgent Antenatal Clinic for follow-up care.

DATE TIME

ULTRASOUND APPOINTMENT:

- Proceed to the **Stroud Ultrasound entrance**, located on the right side of the clinic.
- Arrive with a **full bladder**: finish drinking 1 litre of water and do not empty your bladder beforehand.
- After the ultrasound is complete, proceed to the Early Pregnancy & Urgent Antenatal Clinic to receive follow-up care.
