KozikPlastics LLC — Capabilities / Services Line Card

Who We Are:

- U.S.-based manufacturer in Indiana
- Injection Molding, CNC Machining, Assembly
- 100% Made in the USA, using domestically sourced materials
- Focused on combining global cost-competitiveness with local service
- Serving startups, entrepreneurs, and established companies

Core Services & Capabilities

Service	Highlights	Notes / Special Capabilities
Injection Molding	30-350 ton machines	No minimum order quantity (MOQ)
	Insert molding (for MUD frames)	Helps reduce secondary cost
Rapid Prototyping / Design for Manufacturing (DFM)	Expedited part & tooling iteration	Additive manufacturing + design consulting
Internal Automation / Controls	Automation system integration	Engineers specialize in process efficiency & control
Assembly Services	Threaded inserts, adhesive bonding, electronics integration	Custom assembly options
CNC Machining	Precision machining of plastics & metals	Competitive pricing & tight tolerances with milling & turning capabilities
