

# Klarity Scorecard™

## How Clear Are Your Numbers?

Take a few moments to answer these questions honestly. Give yourself **1 point** if you can answer **YES**. Your responses will help reveal how close your business is to achieving financial Klarity.

1. Do you review your Profit & Loss statement every month?
2. Do you know your current net profit margin?
3. Are your business and personal expenses completely separated?
4. Are your bank and credit card accounts reconciled monthly?
5. Do you maintain organized digital receipts and records?
6. Do you understand your Balance Sheet and what it tells you?
7. Have you estimated your quarterly taxes accurately this year?
8. Do you pay yourself a consistent, planned owner's draw or salary?
9. Do you regularly review your cash flow trends?
10. Do you have an accountant or bookkeeper supporting your business?

### Score Yourself
