

T2+

LEADED FUEL

T2+ produces 1.5% more power over T2. Designed for today's modern stock or modified 2-stroke engines, T2+ is leaded and pre-mixed with a new advanced premium synthetic/ester-based lubricant formula at a 40:1 ratio, so no measuring or mixing is required. Because it contains no ethanol, T2+ prevents repairs commonly found in ethanol-based fuels and offers a longer storage life.

FUEL MAIN BENEFITS

- 1.5% more power over T2
- Better throttle response across RPM range
- Pre-mixed 40:1 ratio with premium synthetic/ester-based oil
- Provides optimal performance for modern 2-stroke engines
- Ethanol-free to prevent ethanol-related repairs
- Long term storage benefits over pump gas

SIZES	PART #
54 Gallon	2924
5 Gallon	2922

SPECS	
RON:	112.0
MON:	99.0
R+M/2:	105.5
Specific Gravity:	0.7515
Leaded:	Yes
Color:	Yellow
Oxygenated:	Yes
Oxygenates %:	5.94 wt. %
RVP:	7.33 psi
Stoich Number:	13.54

FUEL APPLICATIONS

DRAG RACING	CIRCLE TRACK	ROAD RACING/RALLY	ATV / UTV
			●

MOTOCROSS	MOTORCYCLE ROAD RACING	OFF-RACING/RALLY
●		

SNOWMOBILE	KARTS & PWC	POWERBOAT
