PrimeStar® Dental Plans

Individual dental insurance – NY

Plan feature descriptions

Preventive Plus

Preventive (Type 1) procedures are not deducted from the plan's annual maximum benefit. This saves all of the annual benefit to help pay for more expensive Basic and Major procedures.

Increasing maximums

Insurance covers a maximum amount per person per benefit period for Basic and Major services combined. And, the annual maximum benefit increases after year one.

Teeth whitening (Boost)

Professional teeth bleaching, also known as whitening, is a popular cosmetic procedure. This plan provides Type 3 coverage toward bleaching procedures recognized by the American Dental Association (ADA) and performed by a dentist. Professional teeth bleaching can last from five to seven years with proper care.

Child orthodontia benefit (Boost)

The orthodontia benefit is a lifetime benefit for dependent children up to age 19. Plan payments are pro-rated by monthly periods over the length of the program. Orthodontic services can help straighten teeth, close gaps, correct bite problems, and correct teeth and jaw alignment.

Network information

The Ameritas Dental Network is one of the largest in the nation, making it easier for members across the country to see the dentist of their choice. The network offers access to providers in the U.S. and Mexico.

- 98% of providers stay with Ameritas year after year.
- Network dentists charge 25-50% less than their regular rates, providing out-of-pocket savings to policyholders.

Mobile app access

With the **Ameritas Benefits** mobile app, policyholders can easily search for providers, view dental benefits, processed claims, and ID cards, once benefits are active. Access also includes vision and LASIK benefit information.

Plan information

MAC/MAB claim allowance

The Maximum Allowable Charge (MAC) claim allowance is the maximum amount a network provider may charge. If a policyholder selects a network provider, they may have lower out-of-pocket costs. If they visit an out-of-network dentist, the claim allowance is considered at the Maximum Allowable Benefit (MAB), which is equal to the lowest network contracted fee in the ZIP Code area. Policyholders pay the difference between what the plan pays and the dentist's actual charge.

Additional information

Individuals 18+ and their dependents are eligible for coverage. Coverage can begin as soon as tomorrow. Policyholders are automatically opted in to receive same-day access to their policy and ID card electronically in the member portal, or they can opt out and receive them by mail within 10 days.
