

# Diagramming Standards

## Diagramming Key and Symbols

10

The players you are using  
(use positional numbering)

5

The opposition players  
(use positional numbering)

11

PASSES or SHOTS are represented using solid lines with an arrow head. Length of the line indicates distance, arrow head represents the end point of the pass. Angle and length should be drawn in proportion to the field.

8

DRIBBLING or RUNNING WITH THE BALL is represented using a snaked line with an arrow head.

9

PLAYER MOVEMENT or RUNNING WITHOUT THE BALL is represented using a dashed line with an arrow head.

7

TACTICAL ARROWS- which indicate a player's area of influence, are represented using solid red lines. This can be MOVEMENT WITH OR WITHOUT THE BALL.

10

## Field Layout

Use a green field with horizontal shadow, facing up the page. Half-fields,  $\frac{3}{4}$  fields, or penalty box only are also acceptable.

Opposition team- attack DOWN

Team you are coaching/analyzing- attack UP
