# The Kimbrook Community Garden Project

We've heard from a number of residence it would be nice to tidy up the back area and plant a garden. We are very pleased to announce we will be creating a community Garden in 2020 .

If you're interested in being involved at any level please mention it to any of the staff. We will be having a planning meeting for all those interested in participating Wednesday Feb 12th, 12:30 in the Breakfast Room, **all those interested are welcome**. We are looking for ideas and volunteers.

## - Meeting Wednesday Feb 12th 12:30 in the Breakfast Room -

We are excited to extend this project to the entire Kimberley Community. Anyone interested in volunteering with the project is welcome. We look forward to building something beautiful in our community that we can enjoy all season long. The first order of business will be **what to plant?** - Vegetables, Flowers, or a combination of both? Anyone with local gardening expertise is especially welcome and encouraged to help advise when we should start seedlings and plan to be planting outdoors in our specific climate.
