

So you wanna get married?

Let's make it simple, beautiful, & intimate.

Let's get hitched.

It's the stress-free way to get married. You can think of it as a high-end elopement or an intimate wedding; it's even a great option for a vowel renewal. Either way, it's a wedding where all of the planning has been taken care of for you.

Your day is fully planned & styled, all you need to do is show up and get hitched. It'll be intimate, low key, romantic, cozy and inclusive. A day that is less about the stuff or the requirements, and more about your love for one another.
