

Have you ever wanted to know more about Common Law and your rights?

Common Law, the law of the Land or God's Law has been used to govern and keep the peace within communities ever since humanity gathered together for their protection. Common Law is a body of law decided upon by a community to govern themselves and to ensure that everyone can gain a remedy for any wrong doing against them.

I can assist you in understanding the concepts of Common Law and provide you with the tools to build confidence.
