God is Still at Work

One of the aspects of our ministry that has been curtailed with the Covid Pandemic is the opportunity to talk and interact directly with the people coming to us. But, that doesn't mean that God does not arrange some "divine appointments". Barry, one of our volunteers, and Board Member, shared this with us: One day in December he really felt that he should come and help at the pantry. While he was there, there were two people who needed transportation. Barry offered to help and, as a result, was able to share the love of Jesus with them, as well as a deep dive into the book of Revelation. He felt that Jesus moved him to come that day for those reasons. It was an encouraging example of how the Spirit of God is alive and working in our ministry.

The Chores are Never Done

Just like owning a home, there is always something that needs to be done at our facility. Thank you to Barry and Dan for taking time this last Fall to clean up the MANY leaves under our bushes and in the front. Although buried in snow for now, our yard will be ready for spring when the snow melts.

This past December marked five years that Great Lakes Coca Cola has held a food drive for us. It was again spearheaded by Matt Purdy, Transportation Supervisor. This year we were surprised not just with food, but also an entire pallet of Dasani water to hand out. This was made possible by the management of Great Lakes Coca Cola. Thank you to them, Matt Purdy, and the entire Great Lakes Coca Cola family for your continued support.

Jewel Palos Heights donated an additional 64 turkey dinners in January. This was such a great surprise to our neighbors that received them. Thank you, Eric and the entire staff.
