Thank you EDE Corporation for your generosity in donating 675 pounds of crackers for our clients.

Trinity Christian College was switching vendors for their cafeteria and donated 900 pounds of food to us. The pudding, canned fruit, chili, and Jello will be special treats for our clients.

Last month the Cook County Sheriff's Department Deputies, with the community resource center, were performing a well-being check on a family. There, they came in contact with a teen who had not eaten in three days. The deputies, who we've worked with in the past, came to the pantry to discuss the situation with our Operations Manager. Without a second thought, he gathered enough food to feed the family. The deputies were also told to have the family come in for more services. This truly was God's work in action.

Volunteers Needed!

We are still in need of volunteers. If you are able to assist us, please call 708-597-6326, leave your name, number and a brief message that you would like to volunteer, and we'll get back to you as soon as possible.
