Last year, we were able to distribute 1,686,813 pounds of food through our facility!!

**Easter Bread of Life Update:**

We'd like to share two stories with you from families you have helped through our Bread of Life program: "Hello, my name is Monica and my family includes two adults and three children. We were blessed by the Bread of Life program this weekend. The items included in the gift basket will be enough to make and Easter meal and feed my family. It even included Easter baskets with some candy for my two twin boys! We would love to extend our thanks and appreciation to Operation Blessing."

From Heather: "My family is so grateful to you for our Easter boxes. With my husband out of work for more than 5 months, and me a stay-at-home mom due to our son with special needs, your generosity was appreciated more than you can imagine. Thank you for helping all the families you do!"

On behalf of our families, thank you to those who helped or donated to make this program possible and give them a special Easter blessing.

**MONTHLY MEETING**

You are invited to Operation Blessing's monthly meeting. Our next meeting will be on Tuesday, June 4, at 7pm. We meet in the Conference Room of the Pantry.

All are welcome.

**April Statistics**

Heads of Households	1006
Individuals	3491
Salvations	61
New clients	75
Prayed for	847

A special thank you to the folks from the First United Methodist Church packing the Easter boxes and making Easter baskets on Friday night. We also want to thank the students at Providence High School for also making Easter baskets. This allowed us to give several baskets to each family.

From Lynn, one of our drivers: this year, my friend, Cookie, and I went to a house and the door was answered by a young woman in a wheelchair with a young son. I will call her Angelina, because she looked like an angel. She gave us her testimony: when she was a young teenager, she started drinking. She became an alcoholic, and from there she got into drugs. She drank and did drugs so much she damaged the nerves in her legs and feet. She was in and out of the hospital and then she met the only perfect man there is, Jesus, the Messiah, the Son of God. He delivered her from all addictions and He is healing her legs. She is bedridden and now she is pushing herself in the wheelchair with her feet and legs. She is joyful and grateful. She touched our hearts and truly blessed us.
