Benefits of Cryptocurrency

Cryptocurrencies offer numerous benefits over traditional financial systems. They provide greater security through cryptographic techniques, enhance privacy, and enable faster and cheaper transactions. Additionally, cryptocurrencies are accessible to anyone with an internet connection, promoting financial inclusion, especially in regions with limited banking infrastructure.

Strategic Pole Placement & Revenue Sharing

We plan to install LED display poles in high-traffic locations such as marketplaces, crossroads, residential areas, and transit points to ensure maximum visibility.

Partnership Offer:

Property owners hosting our poles will receive 10% of monthly revenue as commission.

Example:-

Revenue: ₹35,00,000/month

Owner's Share: ₹3,50,000/month

This win-win model ensures consistent income for property owners while driving local advertising innovation.

Patent Registration for Innovation Protection

To safeguard the uniqueness of our LED advertising project, we are in the process of registering a patent.

Why Patent Registration?

Protects our innovative concept from being copied or replicated.

Secures our business model and technological framework.

Establishes IBNAY as a pioneer in localized advertising.

By obtaining a patent, we ensure that our vision remains exclusive, fostering trust and innovation in the market.
