

Industrial Batch Ovens

- 1) Electrical Heating Oven
- 2) Gas Fired Heating Oven
- 3) Varnish Baking Oven
- 4) Powder Coating Oven
- 5) Paint Baking Oven
- 6) Radiator Core Baking Oven
- 7) Hot Air Circulating Oven
- 8) Drum Heating Oven
- 9) High Temperature Oven
- 10) PVC Heating Oven
- 11) Rubber Curing Oven
- 12) Annealing Oven
- 13) PTFE Coating Oven
- 14) PFA Coating Oven
- 15) Foundry Core Drying Oven
- 16) Bakery Ovens
- 17) Motor Drying Ovens
- 18) Electrode Drying Ovens
- 19) Laboratory Ovens
- 20) PCB Drying Oven
- 21) PU Coating Oven
- 22) Transformer Heating Oven
- 23) Pre-Heating Ovens
- 24) Component Heating Ovens

M.E.T

Maruti Engineering and Technologies

Manufacturers of :

1. All Types of Industrial Ovens
2. All Types of Tray Dryers
3. Spray Painting Booths
4. Customized Handling Conveyors

Consultants & Engineers of :

1. Automatic Spray-Painting Systems
2. Annealing & Printing Lehrs
3. High Temperature Involving Projects

Tray Dryers

Tray Dryer is the most conventional dryer used very widely and still being used where the moisture content is more and where the product has to be dried at low temperature for long hours.

Applications:

- 1) Pharmaceuticals
- 2) Dry Food Industries
- 3) Spices Industries
- 4) Plastic Industries
- 5) Farming Industries

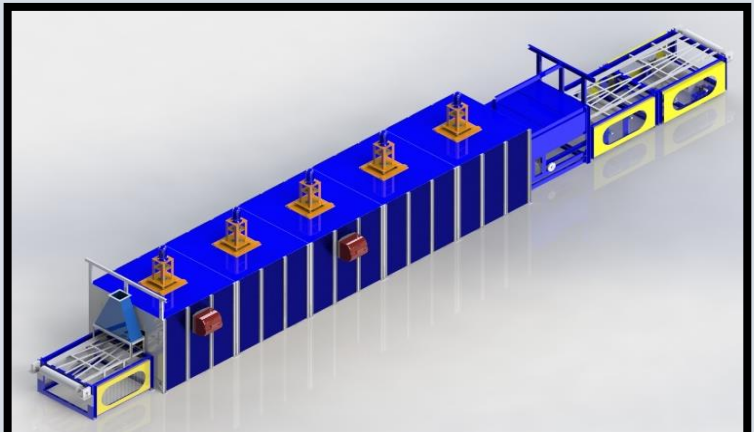

Conveyor Coating Systems

- 1) Teflon Coating System
- 2) Annealing Lehrs
- 3) Auto - Spray Painting System
- 4) Powder Coating Plants
- 5) Flat Belt Coating Conveyor
- 6) Gas Fired Conveyors
- 7) Electrical Heating Conveyors

Automatic and Manual Spray Painting Booths

We make high quality paint spray booths & powder coating booths which are an extremely useful tool in allowing you to paint and refinish your products safely and cleanly, without contaminating other areas of your worksite and with limited toxic exposure to your employees. Finishing systems provides paint spray booths for safer, cleaner refinishing and painting of products in industries.

Customized Handling Conveyor

- 1) Gravity Roller Conveyor
- 2) Slat Type Conveyor
- 3) Wire Mesh Conveyor
- 4) Belt Type Conveyor
- 5) Custom Conveyor (As Per CAD)

Eyeing on a Goal

MET has only one vision to make high-quality ovens, tray dryers, that lasts long. Your product should be able to withstand the rigors of your business process and should last for decades. We pride ourselves on making ovens that do what you need the first time they are fired up and keep performance decades later.

Your worksite demands a product that work, that's been our only business. Give us a chance & let us build you an oven, dryer, or a coating setup that lasts by performing for decades.
