

Skate Amherstburg

Music Coordinator Responsibilities

The Music Coordinator will collect theme suggestions from the current Skate Amherstburg coaching staff and select a number of themes to present to the Board of Directors for a final vote. A deadline for submissions will be set by the board annually, and any suggestions submitted after this date will not be considered but can be held over for the following season.

The Music Coordinator will be provided music selections from the CanSkate and Advanced CanSkate Ice Show Line Coaches. The coordinator will then cut and edit the music to the appropriate length and return the edited file to the respective coach and CanSkate Supervisor for their use during CanSkate sessions and Dress Rehearsal.

The music coordinator will work with the ice show committee to ensure all CanSkate and Advanced CanSkate music is submitted to the volunteer MC on time for programming into the computer and for entry into the show program.

Rate of Pay \$150, flat rate.
