Tips for Voters on How to Find Information (Districts, Regions, Candidates/Parties/Links)

1. **Find Your VIC District & Region: https://maps.vec.vic.gov.au**
   Interactive map - type in address in search engine at top to find District and Region). For e.g. High St, Shepparton VIC is in SHEPPARTON District (orange boundary) and NORTHERN VICTORIA Region (purple boundary).

   88 Districts Boundaries: https://vec.vic.gov.au/electoral-boundaries/state-districts
   Maps of 88 districts Albert Park to Yan Yean.

   Find Candidates in Districts & Regions: https://www.vec.vic.gov.au/voting/2026-state-election/find-candidates

   8 Electoral Regions Boundaries: https://vec.vic.gov.au/electoral-boundaries/state-regions

   Find Voting centres: For early voting centres, election day voting centres, mobile voting centres (aged care facilities, hospitals etc., 88 low-sensory voting centres (17th Nov. 2026 from 10am-4pm) and interstate/overseas voting centres excel link: https://www.vec.vic.gov.au/-/media/19326aa361284a49a69b08194421da96.xlsx https://maps.vec.vic.gov.au/elections (enter address, go to map to find early voting and election day centres).

2. **View ballot paper order of VIC Candidates shown on the Victorian Electoral Commission website - House of Assembly specific districts (88 districts in total) and Legislative Council 8 regions (40 seats - 5 seats in each of 8 Regions). Note the Candidates, Parties, Groups and Independents. Source the Victorian Electoral Commission website for voting instructions and other relevant election information. Click VEC link to choose Districts from Albert Park to Yan Tean. https://www.vec.vic.gov.au/electoral-boundaries/state-regions**

3. **Go to ABC News Elections VIC 2026 Guides which provides electorate information, electorate (district) borders, margin %, past election results, Candidates profiles, their photos and website links (where published) etc. https://www.abc.net.au/news/elections/vic/2026/guides**

4. **Source various family values and faith-based organisations and their websites, such as ACL (Australian Christian Lobby) which has launched a website for the 2026 VIC State Election https://victoriavotes.org.au/ providing details of responses to questions from a few Candidates/Parties in Districts and Regions. This information shows Victorian voters the differences or similarities between the various Candidates and political Parties' policies/values.**

5. **Source a preferred Candidate/Party for the Legislative Assembly (Lower House - 88 Districts) and Legislative Council (Upper House 40 seats - 8 Regions) and then go to the Party or Candidate website (see page 2 of this document) and/or social media pages, to seek further profile information e.g. community work, civic ability, useful skills etc.**

6. **For additional information, type the Candidate's name into an internet browser search engine using quotation marks at beginning (before first name) and end of surname e.g. "*Joe Bloggs*". However, for some Candidates, this method of internet searching isn't possible; hence the need to search Party/Candidate websites, social media platforms e.g. Facebook, Instagram, LinkedIn, X (formerly Twitter) and the ABC News Elections VIC 2026 Guides etc.**

7. **If in any doubt as to which is the preferred Candidate, search for the Candidate's contact details (if publicly available) and ask them questions e.g. policies, values, issues etc. A trustworthy recommendation for a particular Candidate/Party is also useful.**

8. **After researching any published Candidates and Parties websites, make your decision as to the choice of Candidate/Party or Group in your preferred order for the District (House of Assembly) and Region (Legislative Council) ballot papers.**

9. **Voters in the 2026 VIC State Election who are deeply concerned about any of the issues listed on page 2 and/or family, freedom, faith and life values (which are fundamental to all human rights), will need to consider carefully how their vote will impact the next 4 years of the Victorian Parliament and the VIC Government until 2030.**
