NOES:

Beaver Valley Water District:

- LaVerne Phelps and Dennis Ross have signed up for the W2O winter workshop on January 31, 2025.
- Meters read for next quarter.

Old Business:

- USDA closing on new truck on January 23, 2025, then it can be licensed and put on road.

Town of Catlin, Regular Meeting, January 9, 2025

New Business:

- Nelson Janowski zoning change from Planned Development to General Business. General Business needs to allow houses. Janowski's need to fill out Environmental Short Assessment.
- Use of \$5,000 from Building Fund to cover cost of repairs on Salt Storage Building.
- Short Term Rentals and Shipping Container Zoning – need public hearings set for February.
- Chemung County Community Grant Funding – Lawanna Morse, our legislator, acquired \$1640 for the town for the purchase of an AED that will go to the Grace Lee Wesleyan Church. GLWC is a First Class, Red Cross emergency management site. Tompkins Corners Fire Department will get \$1000.00 for a gas sensor and \$2741.00 for tools, materials and supplies on a truck.
- GS POWERS – the company that manages the Callahan Solar Farm. The black fabric fence is all shredded, asking if they can take the fabric off the fence. The planning board will need to review the project. General discussion ensued.
- NYCLASS – investing town money. Supervisor Phelps has always invested in CD's. The money in NYCLASS is liquid. Town would like to move money and have daily interest. General discussion ensued.
- Auditing of town books – possible February 6th, for court. The other books can be audited at any time.

Hearing of the Public:

Opened: 7:26 pm

- Matt Owens of 570 Sawdy Road spoke. He owns vacant land. He had several concerns regarding his neighbors; one is burning trash in an outdoor boiler and the other is feeding deer. He wanted to know whether the town could put an end to either of these issues. He was directed to DEC. He expressed concern with the town assessor and the inability to get ahold of her and lack of responsiveness to his calls. He also had concerns with highway crew not working a 5-day work week and giving wood to residents.

Beaver Valley Water District:

- Updating data in the system
- Possibly upgrading pipes along Moreland Dr. Main line and service lines are not deep enough, valves are only 31-33 inches below pavement. The pipes freeze in severe cold weather. There is grant money available. Could be a 2-year process. 2015 was a bad year for frozen lines. Town used many resources to deal with the freezing.

Old Business:

- Bill Collier conducted the annual audit of the town books. Everything looked fine.
- STC assistance on rezoning Pine Valley area to general business will be \$2500.00. Possibly update all zoning. General discussion ensued on the cost of updating all zoning versus updating little by little. Asking for a quote from STC on updating more zoning. Current zoning was done in 1999.

New Business:

- Short-Term Rental new zoning requirements
- Accessory Storage Container new zoning regulations – General discussion on Accessory Storage Containers in the town. Change “uniform” color to “one solid” color in item 10.35.5 item 6. Removed stipulation on landscaping around the container.
- GS Powers wants to remove fence screening around Callahan Solar Farm. Discussion on replanting trees by Sept 1, 2025 and the size the trees should be. Also, refer to original agreement for fence and trees.
- Town pick up and plow, around \$41,000.00.
- Set Public Hearing for grant money to increase budget for Tompkins Corners Fire Dept. Possibly add amendment to contract so we don’t need to have a public hearing every time there is grant money.

Beaver Valley Water District:

- RCAP Solutions – Supervisor Phelps had first meeting with them on March 11, 2025. Would be a 1 1/2 – 2-year process to replace water lines that are only 31" deep on Moreland Drive. They are not deep enough to keep from freezing in severe cold weather. RCAP Solutions is a free organization that looks at grants, etc. Engineer study is needed and then go for funding.

Old Business:

None

New Business:

- Building Permit Fee schedule – looking to update it.
- Emergency Plan – Mike Koval is working on this with Emergency Management. Joe Doan has had some input; the content hasn't changed.
- Fire Contracts – would like to amend them so a public hearing is not needed for non-town tax supplemental funding. Grant money goes through town. The town is just a pass through for non-town tax dollars.

Hearing of the Public:

Opened: 7:51pm

Garrett Wilson of 47 Backer Rd spoke. Two months ago, a property owner spoke during Hearing of the Public and mentioned Mr. Wilson's name. Mr. Wilson shared that what that person stated does not reflect his views on how the town roads are cared for. He thinks the highway guys do an excellent job. What he said to the other person about the highway guys working 4–10-hour days was taken out of context.

Beaver Valley Water District:

- RCAP Solutions – main lines are not buried deep enough, freeze in severe cold weather. They find grants for municipalities. She will bring in engineers to give estimates and then put out for grant money. Will be a one-year process.
- Flushing the water lines April 16, 2025
- Quote to upgrade electrical in pumphouse and run a line to the shed and security camera added to shed. We should be able to see 360 degrees around pumphouse.

Old Business:

- Code Fee Schedule – Bill is working with Marty on this. Some of our fees are very low compared to other towns. General discussion ensued.

New Business:

- Quotes to repair highway garage floor – don't have the money to cover this. General discussion on damage to floor, heat in floor. Having diesel storage containment would be a higher priority, need to bring up to code. Would like to put concrete under the tank. Secondary containment system would need to be purchased new. Will put the garage floor repair out to bid next year.
- Quote to purchase a new backhoe from Monroe Tractor with attachments. Includes a trade-in of our 2002 backhoe. Town can pay for this now. General discussion ensued on payment options and equipment reserves.

May 20, 2025

Meeting called to order at 8:00am by Supervisor LaVerne Phelps.

ROLLCALL: BM: Mike Koval, Ron Moshier, Bill Collier, Craig Christiansen, Supervisor LaVerne Phelps

The following resolution was proposed by Attorney Mustico and read by Supervisor Phelps:

**RESOLUTION REFERRING PROPOSED AMENDMENT TO TOWN OF CATLIN
ARTICLE 10 DEVELOPMENT REQUIREMENTS §10.6.2.2 SIZE AND NUMBER OF
ACCESSORY BUILDINGS SUBSECTION B**

WHEREAS, on its own motion, the Town Board of the Town of Catlin has determined to consider amendment to the development requirements of the Town of Catlin Zoning Ordinance Local Law #3 for the year 1999 relating to accessory building, and

WHEREAS, the Town Board proposes that §10.6.2.2B be amended to provide in the AR zone, both Residential Use and General Use, that the maximum floor area of an individual Accessory Building may be 3,000 square feet, with all other portions of that section to remain, the same, and

WHEREAS, the Town Board has duly considered the same.

Motion for **Resolution 25-64** was made by Phelps; 2nd by Collier referring referring the proposed amendment as set forth above for recommendation to the following:

1. Chemung County Planning Board;
2. Town of Catlin Planning Board;
3. Add in all neighboring communities.

Beaver Valley Water District:

- RCAP Solutions – Financing and Grants for Moreland Dr. pipes.
- Fire Hydrants – audit of current hydrants, 3 are K-11 hydrants, they are outdated, obsolete and unserviceable, they all work, but would not have a fix if they weren't working. These hydrants will be added to the RCAP program for replacement, around \$4,000/each.
- Water Testing – Manganese was last tested 15 years ago, need to retest to see how things are. Phosphate is used to sequester the manganese so that it does not discolor the water.

Old Business:

- Update Building Permit Fee Schedule – Bill Collier and Ron Moshier have worked on this with Code Enforcement Officer. General discussion ensued on the prices of a couple of permits. Also discussed fire inspections of Short Term Rentals (STR). Will remove Fire Inspection line from STR's. The Fire Inspection Fee is listed in another place.
 - Possibly add the Building Permit Fee Schedule to the Organizational Meeting every January.
 - Short Term Rentals might be taxed differently, ask the assessor.
 - How do we let STR owners know that we now require a permit?
 - Code is handling this and has already started the process. We might be able to let AirBnB and other STR organizations know we require a permit.
 - Added ZBA Variances and PB Site Plan Fees to the Building Permit Fee Schedule.

New Business:

- Animal Control Contract 2025-2026 – no change from last year.
- Highway Garage Fuel Tank Replacement – new tank should last 30 years. General discussion ensued on replacing and building secondary containment.
 - Age of the current tank is unknown.
 - Beavers suggested we need a new tank.
 - Old tank will be sold as a fuel tank.
 - Goal to finish would be in the fall.

Beaver Valley Water District:

- Fire Hydrants are Kennedy Valve hydrants and valves.
- A Kennedy Valve rep is coming June 27. He will come free of charge and do maintenance.
- There are 3 K-11's which are no longer serviceable. Potentially, they could cost about \$10,000 per hydrant, to replace.
- RCAP deadline is June, so can't get these on this year's grant cycle.
- Hunt Engineers has floating grants throughout the year.
- Mike Koval - Are we just going to cross our fingers?
- Supervisor Phelps - No, can't let this go. If we have a fire and they don't work, we don't have enough money to cover that. We have to do something. The hydrants work, they get flushed 4 times a year.
- Ron Moshier - Worst case scenario – we have enough resources to purchase new fire hydrants.
- Supervisor Phelps – Yes, we had a valve we couldn't find. It's on the corner of Chambers and 414. It was covered by the State when they paved it. We've been searching for a while. Ken Fields can almost outline it with his metal detector. It's on the State's side of 414. It will require permits, etc.

Hearing of the Public:

Opened: 7:10pm

- Jeff McCreary of 210 Que Vista East Dr. - asked if there would be a Public Hearing in July?
- Attorney Mustico - answered that that item is on the agenda.

Closed: 7:11pm

Old Business:

- None Presented

New Business:

- Catlin Planning Board – recommended that changes to Article 10.6.2.2B not be made.
- Kucko Request for rezoning Que Vista Dr and LeMae Dr from AR to R1.
 - Attorney Mustico – Must present petition of at least 50% of the front footage of the area proposed to be part of the district. Petitions must be signed and acknowledged by the owners.
 - Bill Collier – why was Yellow Rock Lane omitted? It's all the same neighborhood. Of the 23 properties on Que Vista, LeMae and Yellow Rock, quite a few are not in compliance with R1 so they would have to be grandfathered in.
- Deputy Town Clerk application submitted by Coleen Austin.
- Withdrawal of Resolution 25-64: **RESOLUTION REFERRING PROPOSED AMENDMENT TO TOWN OF CATLIN ARTICLE 10 DEVELOPMENT REQUIREMENTS §10.6.2.2 SIZE AND NUMBER OF ACCESSORY BUILDINGS SUBSECTION B**
 - Attorney Mustico – Action to amend the accessory building from 2 structures to 1 structure, keeping the square footage at 3000. Application was started with the Town Board. Even though this would be a change for the whole town, the party for which this was being investigated has taken out a building permit for two structures, 1500 sq. ft. each. I assume the board may want to withdraw their application.
 - Mike Koval – there is still a mechanism for which someone could appeal if they still wanted to do this?
 - Attorney Mustico - Zoning Board of Appeals can never issue a variance for one of these buildings. It's not a hard and fast rule, but it is a rule. If they issue an area variance for one, theoretically they need to issue a variance for all.
 - Bill Collier – So, we are taking the Planning Boards recommendation?
 - Attorney Mustico – No, you are withdrawing your request for an amendment.
 - Bill Collier – to answer Mr. McCreary's question – there will not be a public hearing next month.

Town of Catlin, Regular Board Meeting, June 12, 2025

Resolutions:

No action taken on Coleen Austin. The Town Clerk will appoint her.

- Attorney Mustico – my office is preparing the petitions and will get to her by the beginning of the week. I will tell her how the acknowledgment can be done. Frontage of whole area needs to be calculated.
- Bill Collier – And fine out why Yellow Rock Lane was excluded.
- Attorney Mustico – If people are against this, they can also file a petition protesting that action, that petition only requires 20% of the road frontage in the area. What this does is if the Town adopts it, it requires a super majority vote.

RESOLUTION 25-84

September 22, 2025

By: Mike Koval

2nd by: Bill Collier

A RESOLUTION IN SUPPORT OF CONGRESSMAN NICK LANGWORTHY'S ENERGY CHOICE ACT (H.R. 3699, S. 1945) AND IN OPPOSITION TO GOVERNMENT-MANDATED NATURAL GAS BANS

WHEREAS, affordable and reliable energy is essential to the health, safety, and economic prosperity of New York families, businesses, and communities; and

WHEREAS, natural gas remains a dependable, cost-effective, and clean-burning energy source used by millions of New Yorkers to heat their homes, cook their food, and power their businesses; and

WHEREAS, in 2019, New York State enacted the Climate Leadership and Community Protection Act (CLCPA), which mandates aggressive emissions reductions and serves as the foundation for sweeping energy restrictions, including efforts to phase out natural gas; and

WHEREAS, building on the CLCPA, Governor Kathy Hochul and the New York State Legislature in 2023 enacted provisions in the state budget banning natural gas and other fossil fuel hookups in most new residential and commercial buildings, effective 2026 for smaller buildings, and 2029 for larger buildings, thereby eliminating consumer choice and limiting access to affordable energy; and

WHEREAS, Governor Hochul has publicly supported these bans and related measures as part of her administration's climate and energy agenda, despite widespread concerns that such mandates will increase costs, strain grid reliability, and restrict energy diversity; and

WHEREAS, these top-down policies undermine affordability, threaten reliability during peak demand, and strip away the freedom of consumers and businesses to choose the energy sources that best meet their needs; and

WHEREAS, Congressman Nick Langworthy of New York and Senator Jim Justice of West Virginia introduced the Energy Choice Act (H.R. 3699, S. 1945), federal legislation that ensures state and local governments cannot restrict consumer access to natural gas and other affordable energy sources, thereby protecting freedom of choice for New Yorkers and all Americans; and

WHEREAS, the Energy Choice Act would safeguard households, small businesses, hospitals, farmers, and manufacturers from harmful government overreach and preserve access to an "all-of-the-above" energy strategy that strengthens reliability and affordability;

NOW, THEREFORE, BE IT RESOLVED, that the Town Board of the Town of Catlin strongly supports the Energy Choice Act as introduced by Congressman Langworthy (H.R. 3699) and Senator Justice (S. 1945) and stands firmly opposed to New York State's natural gas bans, the CLCPA-driven restrictions, and other state energy mandates that eliminate consumer choice; and

BE IT FURTHER RESOLVED, that the Town Board of the Town of Catlin urges Congress to pass the Energy Choice Act to defend consumer choice, protect energy affordability, and preserve reliable access to natural gas for New Yorkers; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to Congressman Nick Langworthy, Senator Jim Justice, the New York Congressional delegation, Senators Chuck Schumer and Kirsten Gillibrand, Governor Kathy Hochul, and leadership of the New York State Legislature.
