Catlin Community Solar Program

Welcome

TOWN OF CATLIN
ONWARD AND UPWARD
ESTABLISHED IN 1823

BULLROCKSOLAR
Bullrock Solar...

... is one of the most experienced and respected solar authorities in the Northeast since 2014

... has partnered with SUNY, University of Vermont, Johnson State College, People’s United Bank, Vermont National Guard and dozens more

... has seasoned management & operations teams, with New York roots

... has operations in Chemung, Oswego, Orange & Rensselaer Counties

... has a proven track record with dozens of solar installations:
  • Capacity installed to date: over 40 Megawatts
  • Enough to power over 7,000 homes & avoid 22M lbs of Carbon Dioxide (CO2) emissions per year from fossil fuel
It’s Easy: 1-2-3
① Albany has provided incentives to encourage Bullrock Solar to install local community solar farms in NY.
② Bullrock Solar produces clean, renewable electricity and channels it into NYSEG’s existing power grid.
③ Participants in this program use electricity as they normally would and receive a discounted rate.

Benefits
• Clean, renewable energy
• Lower electricity costs
• Same reliable service / electric grid
• No roof-top panels and wires
• No costs to participants
• For home owners & renters
Catlin Solar Farm generates a finite amount of electricity.

When You Sign up, we analyze your history to forecast how much you’ll need.

We Assign You the right # of panels to meet your annual need.

You Keep All Future electricity output from your panels @ 10% off.
