

Axe Handle Mold Kit

(Estwing 16" Campers Axe - High Resolution)

Looking to repair or embed your company name into the rubber handle of your steel tanged throwing axe. The Axe Handle Mold Kit by maker86 Industries is a great way to recast the rubber handle on your steel tang axe. This solution offers a cost effective way for Axe Throwing venues to recast certain steel tang axe handles and give the axe a 2nd, 3rd, 4th... life. The mold is reusable.

Worried about casting a new handle? Instructions on tools/casting supplies you need, how to prepare your axe, preparing the mold, and cast a new axe handle are all available to make your axe handle casting experience seamless. See the How-To QR Code below for casting supplies lists and casting instructions.

Support...

For support related inquiries contact us at info@maker86.com or 815.627.0586

Testing...

All parts are fit tested and dry assembled prior to packaging and shipping.

Warranty and Guarantee...

Quality is our focus and we do back our products! The mold is guaranteed to a life of up to 20 mold pours of a 60A hardness casting medium or less. Mold life is based on how the mold is treated before, during and after casting. If there are signs of overtightening, drops, dents, tool marks, casting mediums above 60A hardness, or any other marking indicating foul or incorrect use, the guarantee is void.
