

U.S. Department of Transportation  
 Federal Motor Carrier Safety Administration

 Ben Johnson PA-C, FMCSA# 5196807884  
 FAX - 541-883-0995

Individual's Name: \_\_\_\_\_

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2126-0006. Public reporting for this collection of information is estimated to be approximately 8 minutes per response, including the time for reviewing instructions, gathering the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, Federal Motor Carrier Safety Administration, MC-RRA, 1200 New Jersey Avenue, SE, Washington, D.C. 20590.

## INSULIN-TREATED DIABETES MELLITUS ASSESSMENT FORM

Name: \_\_\_\_\_ DOB: \_\_\_\_\_

Driver's License Number (if applicable): \_\_\_\_\_ State: \_\_\_\_\_

This individual is being evaluated either to determine whether he/she meets the physical qualification standards of the Federal Motor Carrier Safety Administration (FMCSA) to operate a commercial motor vehicle or because the individual has recently experienced a severe hypoglycemic episode. A treating clinician should complete this form to the best of his/her ability based on his/her knowledge of the individual's medical history. Completion of this form does not imply that a treating clinician is making a medical certification decision to qualify the individual to drive a commercial motor vehicle. Any determination as to whether the individual is physically qualified to drive a commercial motor vehicle will be made by a certified medical examiner on FMCSA's National Registry of Certified Medical Examiners.

*FMCSA defines a treating clinician as a healthcare professional who manages, and prescribes insulin for, treatment of the individual's diabetes mellitus as authorized by the healthcare professional's applicable State licensing authority.*

### Instructions to the Individual:

When you are being evaluated prior to a medical certification examination, the certified medical examiner must receive this form and begin the examination no later than 45 calendar days after a treating clinician signs this form.

When you are being evaluated after a severe hypoglycemic episode, you must retain this form and give it to the certified medical examiner at your next medical certification examination.

### Insulin-Treated Diabetes Mellitus Diagnosis

1. Date insulin use began: \_\_\_\_\_

### Blood Glucose Self-Monitoring Records

2. Has the individual maintained at least the preceding 3 months of ongoing blood glucose self-monitoring records while being treated with insulin that are measured with an electronic glucometer that stores all readings, records the date and time of readings, and from which data can be electronically downloaded?

 Yes     No

3. Has the individual provided at least the preceding 3 months of electronic self-monitoring records while being treated with insulin from his/her glucometer to the treating clinician for review?

 Yes     No

U.S. Department of Transportation  
Federal Motor Carrier Safety Administration

Individual's Name: \_\_\_\_\_

If no, provide details:

*Note: The individual is not physically qualified to operate a commercial motor vehicle for up to the maximum 12-month period until he/she provides a treating clinician with at least the preceding 3 months of electronic blood glucose self-monitoring records while being treated with insulin. At the certified medical examiner's discretion, the individual who does not possess at least the preceding 3 months of electronic blood glucose self-monitoring records while being treated with insulin may qualify to operate a commercial motor vehicle for up to but not more than 3 months.*

4. How many times per day is the individual testing his/her blood glucose? \_\_\_\_\_

5. Is the individual compliant with blood glucose self-monitoring based on his/her specific treatment plan?

Yes  No

Comments, if necessary:

### Severe Hypoglycemic Episodes

6. Has the individual experienced any severe hypoglycemic episodes within the preceding 3 months? *FMCSA defines a severe hypoglycemic episode as one that requires the assistance of others, or results in loss of consciousness, seizure, or coma.*

Yes  No

If yes, provide date(s) of occurrence, whether the cause has been addressed, and associated details (attach additional pages as needed):

### Hemoglobin A1C (HbA1C) Measurements

7. Has the individual had HbA1C measured intermittently over the last 12 months, with the most recent measure within the preceding 3 months?

Yes  No

If yes, attach the most recent result.

### Diabetes Complications

8. Does the individual have signs of diabetic complications or target organ damage? *This information will be used by the certified medical examiner in determining whether the listed conditions would impair the individual's ability to safely operate a commercial motor vehicle.*

a. Renal disease/renal insufficiency (e.g., diabetic nephropathy, proteinuria, nephrotic syndrome)?

Yes  No

If yes, provide the date of diagnosis, current treatment, and whether the condition is stable:

U.S. Department of Transportation  
Federal Motor Carrier Safety Administration

Individual's Name: \_\_\_\_\_

b. Diabetic cardiovascular disease (e.g., coronary artery disease, hypertension, transient ischemic attack, stroke, peripheral vascular disease)?

Yes     No

If yes, provide the date of diagnosis, current treatment, and whether the condition is stable:

\_\_\_\_\_  
\_\_\_\_\_

c. Neurological disease/autonomic neuropathy (e.g., cardiovascular, gastrointestinal, genitourinary)?

Yes     No

If yes, provide the date of diagnosis, current treatment, and whether the condition is stable:

\_\_\_\_\_  
\_\_\_\_\_

d. Peripheral neuropathy (e.g., sensory loss, decreased sensation, loss of vibratory sense, loss of position sense)?

Yes     No

If yes, provide the date of diagnosis, location, type of involvement, current treatment, and whether the condition is stable:

\_\_\_\_\_  
\_\_\_\_\_

e. Lower limb (e.g., foot ulcers, amputated toes/foot, infection, gangrene)?

Yes     No

If yes, provide the date of diagnosis, current treatment, and whether the condition is stable:

\_\_\_\_\_  
\_\_\_\_\_

f. Other? (specify condition): \_\_\_\_\_

Yes     No

If yes, provide the date of diagnosis, current treatment, and whether the condition is stable:

\_\_\_\_\_  
\_\_\_\_\_

**Progressive Eye Diseases**

9. Date of last comprehensive eye examination: \_\_\_\_\_

10. Has the individual been diagnosed with either severe non-proliferative diabetic retinopathy or proliferative diabetic retinopathy?

Yes     No

If yes, provide date of diagnosis: \_\_\_\_\_

U.S. Department of Transportation  
Federal Motor Carrier Safety Administration

Individual's Name: \_\_\_\_\_

11. Has the individual been diagnosed with any other progressive eye disease(s) (e.g., macular edema, cataracts, glaucoma)?

Yes     No

If yes, specify the disease(s), provide the dates of diagnoses, current treatment, and whether the condition is stable:

\_\_\_\_\_

\_\_\_\_\_

12. Additional Comments (*attach additional pages as needed*)

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

***I attest that I am a treating clinician (as defined above), that this individual maintains a stable insulin regimen and proper control of his/her insulin-treated diabetes mellitus, and that the information provided is true and correct to the best of my knowledge.***
