

5 ways we do it BETTER than webex by CISCO

1

BETTER Admin Tools

GoTo invests in R&D and it shows: our easy-to-use admin experience, intuitive Visual Dial Plan Editor, and more all work together to simplify system management. No wonder Gartner rates our admin tools better than Cisco's*.

2

BETTER Simplicity

Our solution – from Phone to Meetings, Messaging and more – has everything people need and nothing they don't, which makes it incredibly easy to use and easier to love (as reflected in our superior customer rating). Contrast that with Webex Calling, whose end-users score them below industry average for *Ease of Use***.

3

BETTER Customer Support

While users rate Webex Calling's quality of customer support at just industry average**, ours is consistently rated higher than other leading providers.

4

BETTER Value

Webex Calling pricing is coming in more expensive per month than GoTo Connect***. Even more so if you need to call internationally (since Webex Meet & Calls doesn't include international minutes). With GoTo Connect, you save more AND get more.

5

BETTER Way to Power All Your Essential Connections

Nothing's more essential than keeping customers & employees connected and supported. Whether it's meetings & messaging or ticketing & remote access, GoTo centralizes business communications AND IT support into one simple solution.

*As cautioned by Gartner in their UCaaS Magic Quadrant report

**End-user ratings based on Webex Calling end-user reviews on G2.com

***GoTo Connect Standard list price 50+ users, compared to Webex Calling Meet + Call pay monthly.
