

IN FOCUS

Important updates for the provider community

Spotlight on Dermatology

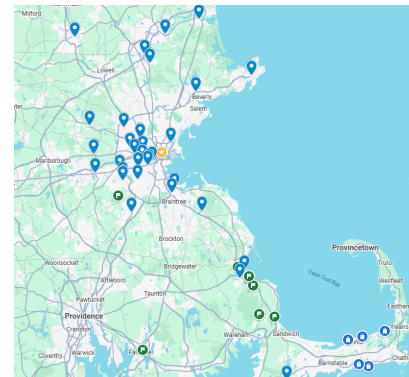

As we head into May and the warmer months, we turn our focus to Dermatology. Our broad network of dermatology practices are available to provide services across the care spectrum, from skin cancer screenings to Mohs surgery and complex skin diseases.

This month we have clinical updates from two of our dermatology colleagues:

- **Dr. Abrar Qureshi**, Nantucket Dermatology: Dermatology for Primary Care
- **Dr. Sepideh Ashrafzadeh**, BIDMC Department of Dermatology: Skin cancer updates

This is for informational purposes only, and should not be considered medical advice. We would encourage you to reach out to your Physician Performance or BILHPN dermatologist for further guidance on these topics.

Click on this [link](#) to see a map of the locations of our Physician Performance dermatology practices. You can hover over the markers to see practice names, addresses and phone numbers.

The chart below lists in alphabetical order the dermatology practices that are members of Physician Performance, along with a summary of services provided. Click [here](#) to see all dermatologists in the BILHPN network. If you need assistance finding a dermatology provider for a particular patient, please reach out to us and we can connect you to the appropriate referral management contact.
